**BETTING ON THE CUP: WHERE AND WHEN**

The \$6 million Dubai World Cup, to be run Saturday night at Nad al-Sheba racecourse in the Persian Gulf, will be simulcast at more wagering outlets in North America than in any of the race's four previous runnings, with 584 sites or services in the U.S. and Canada taking bets through a hub based at Arlington International Racecourse.

Dubai is nine hours ahead of the Eastern time zone in the United States, and post time for the World Cup in the U.S. will be 12:30 p.m. Eastern or 9:30 a.m. Pacific. Post time for the first race of a five-race simulcast card from Nad al-Sheba, beginning with the United Arab Emirates Derby, is 9:35 a.m. Eastern. Sites in New York will be able to carry the World Cup this year after being prohibited last year because of a state law that prevents wagering on Palm Sunday. In California, because of limits on the number of simulcast signals and because of the time difference, only the World Cup will be offered.

Any race on the program with 15 or more runners will require a betting field, and horses with program numbers of 14 or higher will be consolidated into a field entry. As of Wednesday afternoon, Arlington reported that bets would be taken at the following sites in the U.S. and Canada. Not all sites will carry the five-race card.

Timeform ratings, the European rating system based on speed and class, appear in Daily Racing Form for all races run in Britain, Ireland, France and the UAE.

**TIMEFORM RATINGS**

140	An outstanding horse
130-135	Above average Group 1 winner
125-129	Average Group 1 winner
115-120	Average Group 2 winner
110-115	Average Group 3 winner
100-105	Average listed race winner

These ratings refer to 3-year-olds & up.  
2-year-old averages are slightly lower.

**TIMEFORM RATING SYMBOLS**

The following symbols, attached to the ratings, are to be interpreted as follows:

p	Likely to improve.	\$	Unreliable (for temperamental or other reasons).
P	Capable of much better form.	\$\$	So temperamentally unsatisfactory as not to be worth a rating.
+	The horse may be much better than Timeform has rated it.	?	The performance may not be worth the rating shown; the horse may be flattered.
d	The horse appears to have deteriorated and might no longer be capable of running to the rating given.

Origin of Individual Racing Silks

Individual racing silks were introduced in October, 1762, at Newmarket, England, when the then unique idea was conceived at a meeting of The Jockey Club...

Dukes, one Marquis, four Earls, one Viscount, one Lord, two Baronets and three commoners. The Duke of Cumberland chose "purple"; the Duke of Grafton, "sky blue"; the Duke of Devonshire, "straw"; the Duke of Northumberland, "yellow"; the Duke of Kingston, "crimson"; the Duke of Ancaster, "buff"; the Duke of Bridgewater, "garter blue"; and the Marquis of Rockingham, "green".

yellow"; and Mr. Jenison Shafto, "pink". Originally, a black velvet huntsman's cap was the only type used by the riders and was more or less associated with the colors listed above...

-Mike Watchmaker
