COMPUTING SPEED RATING

The new method of computing Speed Ratings (based on the best time for the distance within the three previous calendar years) is effective as of the racing of Monday, October 23, 1989. Speed ratings for races run prior to that date were computed under the old formula and have NOT been revised.

3rd Canterbury

ABOUT 1 MILE. (Turf). STARTER ALLOWANCE. Purse $6,000 (Minnesota Breeders' Fund will add 12% to any purse money earned by a Minnesota-bred). 3-year-olds and upward which have starter for a claiming price of $8,000 or less in 1989–90. Weight, 3-year-olds, 113 lbs.; older, 122 lbs. Non-winners of two races since May 4 allowed 3 lbs.; a race since then, 6 lbs. (Races where entered for $6,250 or less not considered in allowances.)

as provided to Daily Racing Form by state and/or track officials responsible for the administration of permissive medication programs.

Introducing
A New Symbol in
AMERICA'S TURF AUTHORITY
Daily Racing Form
Past Performances . . . and Re-Defining an Old One:
R—Restricted Race
S—State-Bred Race
The new R symbol denotes a race restricted to horses who meet certain conditions other than age or sex.
Examples of a restricted race that are indicated by the R symbol are a race for which entries are restricted by the location of each horse's sire; a race restricted by the origin of purchase or auction; a race restricted by the place of residence of the owner; a stakes race restricted by the amount of money previously earned; a stakes race restricted to non-winners of a sweepstakes; a prep race restricted to horses nominated to the final event in a series; a race restricted to horses stabled at a given track; a race restricted to horses of a certain color, etc.
Races restricted to horses bred in a certain state (or in a given geographic area) and qualifying under state breeding programs are termed State-Bred Races and are indicated by the symbol S. The S symbol formerly was used to designate restricted races in addition to state-bred races.
