MICROFICHE
MONTHLY CHART SERVICE

Daily Racing Form's Monthly Charts are produced on microfiche (replacing the monthly bound volumes effective January, 1981). **FULL CHARTS (not the condensed version)** are available shortly after the close of each month's racing. The microfiche Monthly Chart Service covers all racing in the United States, Canada and northern Mexico—and for added convenience, they are produced in **three regional editions,** according to the geographic location of the tracks. Buy the regional edition most suitable to your needs, or buy all three for a complete record of North American racing. And you save substantially by subscribing to all three editions!

NOTE: A microfiche viewer is required to use the chart on microfiche. This equipment, however, is not offered for sale by Daily Racing Form, nor is it a part of the Monthly Chart Service. A microfiche viewer of at least 40x is recommended.
