Dawson's Legacy

Like Reality Road, Nite Dreamer, and Blazing Sword, Dawson's Legacy was entered in The Fraise (250k, 9 furlongs on the turf) Friday; Legacy more than capable on turf or dirt but this is still a much easier spot for all those sitting on the fence; pace looks quick if Tracking, Reality Road, and Nite Dreamer remain but Legacy doesn't need anything other than his A game to win this; distance helps and he has run locally (a loss to Sir Bear as a 3YO); MAJOR player if he decides to stick around for the fun.

Tracking

One of only 2 who aren't riding the fence between this and The Fraise so technically it could be a match race between him and Fig Fast; now for the bad news, Tracking is light on dirt experience as he hasn't even hit the board in his only 2 dirt tries; zero U.S. wins nothing to brag about but at least he is used to this climate; speed his main weapon so connections probably praying that if anyone declares let it be Reality Road; rough seas yonder.

Reality Road

Turf tuneup in the bag but his real forte is dirt; speed to push the pace and that's a great place to be on this surface; is Tracking his only pace nemesis? Nite Dreamer is quick but we'll bet he'll go into stalk mode; how hard will it be to dispose of Tracking and get that all important breather? to us...not hard at all; he loves to win and he has an age advantage over Dawson's Legacy and Nite Dreamer; if forced to pick only 1...then let it be this veteran to teach the young pups a lesson about pace and winning on the lead.

A CLOSER LOOK

2nd Gulfstream

Sahara Gold

After 1 day of races, you should have a good idea how this dirt track is playing; we'll break out our crystal ball and predict that speed is doing good...as usual; if so, that's not good for Gold as Magicalmysterycat figures to lead the parade; Gold did improve when 1st in against winners so another move forwarded is likely but she'll probably need another 10 point Beyer jump; the good news is that she's got Shug and Jerry in her corner and that more than a few will be taking their pot shots at 'cat early; better than most while the price is right.

Yamipa

Local runner has already lost to 2 of these but she had problems at the start previously; recent work strong but why only 1 work since her last race? Beyers need a swift kick in the pants while we doubt she's quick enough to bother Magicalmysterycat; career best needed all the while learning to pass others; sounds tough.

Nicky Tiki

She hated turf so chunk last; maiden score came with a strong Beyer but it was claimers; allowance was helped when Yamipa had problems early; that 69 Beyer isn't going to scare the shippers; recent works glacier-like while the pace not in her favor; blinkers go on and she's locally based but other than that....

Lucky Livi

What has she done wrong in her career? nothing; if you said that her last race was poor then think again; she had the lead after 6 furlongs but tired late; that was a great move to even get in that situation and remember it was only her 3rd career race; 2nd-time Lasix a huge advantage but only for the girls; J R tags along while the price should entice; if the track is playing fair, then we are leaning in this direction but even if it isn't...still leaning in this direction.

Magicalmysterycat

Last few not the best but she still showed her early zip in each and every one; Matron a disaster but it was her first race past 6 1/2 furlongs; there's no disgrace in being an excellent sprinter...unless you cost 1.1 million; hey, she's still young and there is a very good chance that she'll find the lead today; with the way Gulfstream usually favors speed, that makes 'cat one tough cookie; if you love speed, then here's your sweetheart.

Pahokee

We know she can run fresh and that she has been training in fine fashion but how is she going to win this? speedy filly drawn outside 'cat but how in the wide, wide, world of sports can she dispose of that foe and still have anything left (just getting past 'cat sounds like a lot); we'd like her a lot more if she hadn't given up the ship before the 1/8th pole in her lone stakes try; still, she made the trip for some reason and speed is always dangerous.

Calli Brooke

The last of the local runners but at least she doesn't need the lead; she tried front end tactics against Nicky Tiki and lost the war; a new style for last and it worked; good, because no way does she want to be part of today's pace; but does she have the kind of kick to scare Sahara Gold or Lucky Livi? nope; after 6 races, have we seen her best? mmmaybe.

ABC Distaff-G1

A CLOSER LOOK BC Distaff

Heritage Of Gold

She's come a long way since her maiden win at first asking as a 20-1 shot at Lone Star in '98; still, she has yet to win a G1 race; that suggests she will have to run better than she ever has before if she is going to defeat the likes of Banshee Breeze (5 G1 wins), Silverbulletday (5 G1 wins), Beautiful Pleasure (3 G1 wins), and Keeper Hill (3 G1 wins).

Keeper Hill

Lost 10 straight after capturing the G1 Kentucky Oaks in '98; in those 10 losses, at least she never finished worse than 4th; finally snapped her losing streak with an impressive victory in the Spinster when she didn't miss the track record by much; only about a week earlier it had been feared her racing days might be over when her left front leg had become swollen; instead of a tendon or suspensory injury, however, it was an infection from a cut on her foot that was cleared up with treatment that included antibiotics; she has managed to win a G1 race on 3 different tracks, so she certainly has a license to prove a tough customer in this G1 event; her Hall of Fame trainer has been ice cold (0 for 30) in the Breeders' Cup, but Frankel has been so hot in recent weeks that perhaps this will be his breakthrough year.

Banshee Breeze

She's 4 for 4 on this track, while none of the other BC Distaff entrants has ever started at Gulfstream; talk about a home court advantage; some believe she isn't quite as sharp as she was earlier in the year, a perception fueled by her Beyer pattern coming into this race; her low Beyer this year (in the Spinster) came when she had hives; an example of how that can contribute to a favorite getting beat occurred in the '93 Phoenix Gold Cup; sprint champion Chinoak Pass was 2-5, but finished 5th, with his trainer ascribing the defeat to hives; to illustrate just how Banshee Breeze truly must be respected today despite her last 2 losses, her average Beyer this year is 109; so just an "average" 1999 Banshee Breeze effort would make her tough in this race considering the average winning figure for the BC Distaff is 110.8; she lost the '98 BC Distaff by a scant nose; when no one went with 5-year-old Escena early in that day at Churchill, it made it difficult for anyone - including a 3-year-old Banshee Breeze - to catch her; still, Banshee Breeze gave it a heckuva try; expect her to give it a heckuva try once again and perhaps come away with a BC Distaff victory this time.

Tap to Music

Finished 5th at 7-1 in the '98 BC Distaff (her initial career loss); she was beaten by 3 of these rivals in this year's G1 Personal Ensign, but might not have cared for the slop; she did run better on a fast track in the subsequent G1 Fuffian when she didn't lose by all that much; if she is to prevail today, she probably will have to run the race of her life and hope the Big 3 (Banshee Breeze, Beautiful Pleasure, and Silverbulletday) all don't fire their best shots; however, this filly's owner no doubt will be on cloud nine if she does somehow carry the Frank Stronach silks to a '99 BC Distaff win at Stronach-owned Gulfstream Park.

A Lady From Dixie

Hall of Famer Lukas has won this race 3 times (Life's Magic in '85, Lady's Secret in '86, Sacahuista in '87); this half to G1 SW The Wicked North (voted an Eclipse as champion older male of '94) took her game to a higher Beyer level (106) when nosed out of the place by Banshee Breeze in the Spinster; expect her to race close up early today, as usual; she also may stay in contention all the way to the end at what should be a nice price.

Beautiful Pleasure

This half to G1 SW Mecke is better than ever, as evidenced by her G1 victories in the Personal Ensign and Beldame (over Eclipse Award winners Banshee Breeze and Silverbulletday); she capitalized on an uncontested early lead and an affinity for slop to win her last 2 races; however, don't get lulled into thinking Beautiful Pleasure requires a wet surface to succeed; she was a G1 winner at 2 on a fast track and has earned some big Beyer's when racing on a fast strip; the average winning Beyer for the BC Distaff is 110.8, a figure exceeded by this filly in 3 of her last 4 starts; for any of her opponents to win this race, they definitely will need to have their running shoes on to defeat this talented filly.

Silverbulletday

This will be her first start at Gulfstream, but that shouldn't be a problem since she's won on 8 different tracks (more than anyone else in this field); Baffert felt Silverbulletday was "doomed" in the Beldame once he saw the track condition (sloppy); Silverbulletday threatened front-running Beautiful Pleasure near the top of the stretch, but Beautiful Pleasure then kicked away in the lane; Silverbulletday's BC Distaff negatives include being 0 for 2 when running against older distaffers or males, and only once earning a Beyer higher than the average winning BC Distaff figure of 110.8; on the plus side, she has not been under a drive in many of her wins, and she has a stalk-then-pony style that fits how most BC Distaffs have been won; this filly already has won a BC event ('98 Juvenile Fillies); only 4 (Mesque, Lure, and Da Hoss in the Mile, Bayakoa in the Distaff) have won 2 renewals of the same BC race; no one has ever won 2 different BC events; this gifted sophomore filly just may become the first to do it.

Louve Mysterieuse

Invader from France makes her first start on dirt; her sire was a G1 winner on dirt; Seeking the Gold also gave the victorious Alysheba quite a scare on dirt in the '88 BC Classic; Fabre saddled 133-1 shot Arcangues to win the '93 BC Classic in his dirt debut; a BC Distaff win by this filly would be quite an upset, too.

Manistique

This big filly earned a big Beyer (110) in her career debut; that is believed to be the highest debut figure by a 3-year-old filly since DRF began publishing Beyer's in '92; so even in her career debut, she earned a BC Distaff-like figure (the average winning Beyer for the BC Distaff is 110.8); a concern in this particular situation is the fact she's 0 for 2 whenever she's left her SoCal base; in both of those losses, she was no match for Banshee Breeze; after the Alabama at Saratoga, Manistique was found to have had a throat infection; following the Apple Blossom at Oaklawn, she was found to have displaced her soft palate; she rebounded from the Apple Blossom to win the Vanity, but her post-Vanity efforts have been far from scintillating, which should help her be the biggest price since she was 6-1 in her career debut; so if you still believe she can win away from her SoCal home, you should love the price.

A CLOSER LOOK

BC Juvenile Fillies

Cash Run
Half to BC Sprint starter Forestry romped in debut and sure looked like a great one; however, something must have gone awry as she disappeared a couple months and hasn't come close to that 96 Beyer in 3 starts since; average winning figure for this race is 95.3 and the lowest figure was an 85 by Pleasant Stage in '91 and note since Pleasant Stage every winner of this race had posted a Beyer of 95 or higher some time prior to the Juvenile Fillies; may improve in 2nd straight route; appears to need the lead to win, as do most; Lukas also saddles Surfside; Lukas ran 1-2 in this race with Open Mind-Darby Shuffle in '88 and with Flanders-Serena's Song in '94; will be best price of her career if you believe.

Talk Back
Unbeaten and untested in Canada and won the Princess Elizabeth when the ill-fated Hello Seattle broke down; bred to be a nice one as is a half to a pair of stakes winners (both were sprinters, though); dam was a stakes winning sprinter of \$163k; Beyers are a little low; like many she needs to be on the pace or at the very least forcing the issue; last 8 winners of this race had exited either the Oak Leaf, Frizette for Alcibiades; fact has yet to be looked in the eye may be her undoing as she's sure to be tested severely today.

Chilukki
A perfect 6-for-6 and is proven going 2 turns now, but still many think she's vulnerable because she drifted in late in the Oak Leaf; reminds us of similar talk about Countess Diana, who won a speed duel with Beautiful Pleasure in the Alcibiades, but came crawling home...all she did was then win this race by 8 1/2 lengths; remember, she actually improved her position from the pre-stretch to the stretch in her last start, a trait all of the last 8 winners of Juvenile Fillies had in common (only Scratch Pad and Talk Back can make such a claim in this race); dam has dropped a pair of multiple route winners and while sire was an Eclipse Award sprinter, he could get a middle distance (won the Dwyer and Derby Trial and over \$500k routing); showed ability to rate, which may be key in a race with a ton of pace; Baffert ran 1-2 in this race last year with Silverbulletday and Excellent Meeting, so he knows what it takes; got the only triple-digit Beyer in the field; obviously the one to beat - note the favorite has won 8 of the 15 runnings of this race, and been in the exacta 13 times.

Scratch Pad
Impressive in 3 straight wins, all routing, but Beyer wasn't enthused; what made the Alcibiades even more awesome was the fact she was totally fractious before the race: freaked out in the paddock, then was stirred into a frenzy by a flash bulb, had problems at the gate and with blinkers, too; still, she won for fun; fact she can sit a couple lengths off the pace and kick it in looks huge as this race has a ton of speed; also note she's had the lead by the top of the stretch, so she's far from a stone closer; still, the length of the stretch here is over 200 feet shorter than Keeneland's (but only 38 feet shorter than Calder's); proven in Florida and best of all, for her supporters, she can be no better than the 4th choice; value of the race?

IS SHE CARRYING ANOTHER LURE?

Hip #262 WARM MOOD

A 10-year-old ALYDAR mare. Dam of Group I performing two-year-old WARM HEART-G3. Out of champion sprinter SUMMER MOOD. In foal to DANZIG, sire of three Breeders' Cup winners including LURE, who is also out of an ALYDAR mare. The top priced yearling by DANZIG in 1999 sold for \$1,150,000 at Keeneland July.

Closer ran on late to be 3rd in the Oak Leaf, but never as a threat; should get a hot pace to chase and may improve in 2nd straight route; just missed to Chilukki one back; dam was a stakes winner of \$205k; from one of Northern California's top barns; Beyers are slowly falling, never a great sign; never off the board in 5 tries; note the fairly short length of the stretch here (only 952 feet compared to Santa Anita's 990); looks like one to use in the exotics and minor pools, but rather unlikely on the win end.

Darling My Darling

Done little wrong in 3 starts and while she was outgamed by Surfside last time one must remember what trainer Ward said before the Frizette calling it a "prep race"; concerns: never gone 2 turns and her dam was a stakes-winning sprinter of \$528k, who loved the mud, so she probably did not mind a wet track; did show an ability to sit just off the pace, which may be key; continues to work big and owns nice Beyers; like fact McCarron kept flying out to take the mount; first-time Lasix; may be one of the ones.

Surfside

First foal from the wonderful filly Flanders, who won this race in '94 when outgaming Serena's Song, but who suffered in career-ending injury that day, too; showed her momma's heart in the Frizette coming back on to beat Darling My Darling, who had passed her early in the stretch; had a big excuse in the Spinaway, when she was reportedly "horsing", yet she still managed 2nd; won on the lead last time, but showed in the Spinaway she could rate some and have a kick; expect her, Chilukki and Darling My Darling to be close to each other for the entire race and if it comes down to a matter of heart, this gal is battle tested and has shown the will to win; the 2nd choice has won 2 of 15 Juvenile Fillies, and completed 8 exactas.

Warrior Queen

All we've heard all year long is how mighty the O'Brien juveniles have been overseas; this one doesn't appear to be his best since she's not even a group winner; both wins came on or near the lead and we all know European races are traditionally run much slower early than they are in the U.S. and thus this gal is likely to find herself several lengths off the pace and getting dirt kicked in her face for the first time, too; yet to go beyond 6f; first foal from unraced dam appears bred to get this trip, but you never know, you know?; first-time Lasix; would be a surprise, and surprises have been far and few between in the history of this race (last upset winner paying more than \$14 came in '87).

PHILLIPS NEWSLETTER READER'S 67% METHOD

A long-time reader recently sent us his own personal method that he says wins 2 of 3 races with restrictions. Please subscribe to Phillips Racing Newsletter today, and you'll get PHILLIPS READER'S 67% METHOD absolutely free, as it's all in the current November issue. And we'll also include a free copy of our PHILLIPS \$35,000 WINNER as well, which selected all six winners in the 1998 Breeder's Cup Pick-6 sequence!

Phillips Racing Newsletter is published monthly and covers all aspects of horseracing and handicapping as we review and rate (on a 0-10 scale) most of the new systems, books, videos, and software. To further encourage new readers to subscribe to PRN, "the consumer's guide to handicapping," here's our special discount offer:

- 6 issues of PRN (regularly \$6 each), including November with PHILLIPS READER'S 67% METHOD, plus PHILLIPS \$35,000 WINNER (originally cost \$20) will be added free, too.
- In addition, we will include our valuable MASTER INDEX (regularly \$10 each). Our INDEX lists and rates everything we've reviewed this decade, literally hundreds of items. It's a very handy reference guide.
- Total value is \$66, but our current discount special is nearly half-price, just \$35!

All orders are filled the day we receive them and returned by first-class mail at no extra charge. And each subsequent monthly issue will arrive in a timely manner, too, as we've never missed a publication date (the first Wednesday of each month) in our 24+ year history. Please send a \$35 check or money order to:

E.O. PHILLIPS CO., P.O. BOX 5817, AUBURN, CA 95604-5817

"As PHILLIPS READER'S 67% METHOD picks today, 2 out of 3 of us are sure to fire!"

Half to \$123k sprint stakes winner First Tea, never has won beyond 7f and that was on the lead and several others seem quicker; crushed recently by Scratch Pad, Cash Run and Surfside; highest Beyer is a 72; maybe a pace factor, but after that...

Middlesex Drive

He's got that huge 110 Beyer that has the optimists in a lather; but therein could lie a problem as not one prior Mile winner or runner-up was coming off a new Beyer top in his/her final prep; yes, he could easily regress; and if asked to race from the lead problems could be in the offing also as only the incomparable Lure has gone 'wire to wire' (locally in '92 over a very hard surface and in '93 at Santa Anita) in the 15 prior editions; then again, he's nowhere near a need-the-lead type, proven very capable from off the pace; certainly has an inside post 'angle' in his favor also as 9 of the 15 Mile winners have come from posts 1 through 4; fits with these 'class-wise', looms as large as any, if he handles this sod - which figures far less than firm or even 'good' (check out his near miss on yielding grass in June at Churchill).

Docksider

He'll have his backers, and for good reason; Stevens is up, that's a big plus; done great on the turnback from 1 1/4 to a mile in the past (peruse his Baden Baden beat in May of this year); could have needed his Oak Tree endeavor, been in Florida since getting acclimated aplenty; Timeform has certainly tossed kudos his way ('better than ever this year', 'very good when 2nd to Aljabr in the Group 1 Sussex'); Timeform also relates that he 'almost certainly needs good or firm ground for his best'; hmm, that could be a problem as this course could be mighty soft; then again, he's got a preferred post, the right stalking style (10 of the prior Mile winners within 4 lengths of the lead at halfway point); very playable.

Delay of Game

Perhaps inconsequential that his regular rider stays with Khumba Mela? anyway, he has a preferred post, preferred style of racing; after that it becomes a matter of whether he's good enough; and we're not convinced he is, strictly from a Beyer standpoint alone as his 'Mile Turf' figs this year well off the Beyer expected to take this event (past editions essentially 109 to 114); yes, runner's a gamer when eyeing his exploits, overall record, still seems more than a tad unlikely.

Hawksley Hill

Unlucky at times this year, disappointing at times as well; but he's certainly as good as any in here; owns big Beyer's miling on grass this year of 111 and 109; unleashed a big kick in the Atto Mile, lost the tally when jock's whip hit Jim and Tonic; and trainer Neil has started 5 in prior Miles, had 2 finish 2nd, one finish 3rd; 'Hill narrowly lost in last year's edition, could be the outright one to beat; but his deep closing style plays against him for the most part (Woodbine's turf stretch 3 furlongs, Gulfstream's less than 2) while the pace could actually be on the slow side; and there is a question as to how he'll handle less-than-firm footing; thus, a strong play-against winwise? not exactly, and don't forget that there is a strong 2nd-BC-start angle in his favor (Miesque, late back-to-back wins, Barathe, Spinning World, Da Hoss, Steiner, Cozzene victorious their 2nd Mile tries).

Kirkwall

Trainer Bobby has started quite a few in the Mile with limited success (7 tried with 2 ending up 2nd); hoss is another weak from a Beyer standpoint but maybe worth a long look at a price as the prior pair vastly improved with blinks addition probably the key; must admit, though, not sure how stellar his Keeneland tally as he was 'fully extended while continuing to drift'; could that have been a maximum performance? maybe; but veteran has the contending speed 'key' to succeed this event while he's proven time and again on tough-to-handle footing.

Jim and Tonic

Certainly proven capable when 'shipped' as he's been successful at various locales, over various surfaces; possibly unlucky in the Atto Mile (unintentionally struck by a whip, rank a bit as well mid-stretch), probably at his absolute best as a miler; and from Timeform: 'as good as ever this year'; also from Timeform: 'acts on firm and soft, consistent'; his post 2 for 15 winwise past BC Miles, his 'class' unquestioned; jock aloft's been on his back many a time, should know when to press the accelerator regarding runner a legit threat winwise - if kept in a much closer proximity to the pace than his priors (just 3 of 15 past Mile winners more than 5 lengths off the leader at the half).

Previous European winners have averaged 54 days respite from their final prep to the Mile (this guy 3 weeks); and Europeans, although winners of 7 Miles, have seen 28 start in the 2 Breeder's Cups this locale with just one finishing 2nd, 4 3rd; Lasix added, though, that's interesting; and runner has done very well since being purchased by Godolphin; asst. trainer Albertrani said 'He was a bit unlucky in his last race...'; also worth noting asst. trainer said, 'I don't think soft turf should be a problem for him'; still, the 'angles' prevail, as we side with others.

Handed victory when Hawksley Hill d'q'd in the Atto Mile, the Beyer earned that day stamps him as a contender; he was long odds that race, though, didn't fare well at all while minimally troubled 3 weeks later; then again, perhaps bounced off the career-high fig; like many in here a virtual unknown this sod as a major sticking point, also like many in here a 'guess' on less-than-firm footing; simply put, in race where many have a legit chance for victory this guy seems one of the least likely.

Don't hold being a filly against her - Royal Heroine, Miesque (twice), Ridgewood Pearl were all distaff BC Mile winners; but there really isn't any prior Beyer power on her side; and she is facing 'guys' after racing with femmes only since October of '97; her post unflashable as well (as a group, from 15 prior runnings, posts 9 through 14 have had 7 starters with 2 finishing first, 6 2nd, 5 3rd).

Tuzla

Proven capable when racing against 'guys' via her huge tally in the San Francisco Mile, proven as a miler time and again as well; and maybe the Yellow Ribbon 'hang' shouldn't be held against her as the distance possibly out of her comfort zone; yes, gals have held their own this event; and, yes, trainer Bob knows how to win major races; but this is his first Mile starter, while Tuzla really doesn't have any edge at all from a prior Beyer standpoint miling; the post's no help, either; capable on her best day against this caliber? probably; then again, that can be said of the bulk of this contingent.

Brave Act

Hall of Fame trainer Ron had Johann Quatz finish 2nd in this event in '94; runner was huge in his early '99 forays, somewhat disappointing the last trio; actually, the Shoemaker Mile stands out for us (runner was in absolutely perfect position at the head of the lane, appeared the likely winner if 'kicked home' at all, and hung); in good position again in the slowly-paced Eddie D, didn't fire; yes, he had a ton of trouble in the Oak Tree BC but would he have won even with a perfect trip? impossible to say, and with the Shoemaker 'hang' still in our memory simply can't get in his corner.

If he had only drawn a better post... but Paradise Creek came from the 11 hole to get 2nd here in '92 while Brief Truce was 3rd after starting from post 12; thus, even though the 'stats' against him winwise (posts 12 through 14 one for 32 the past 15 editions) he's still a playable commodity; proven against similar, owns a pair of 109 Turf mile Beyers for '99 that stack up no better or better than any in here can boast; and he's proven time and again on less-than-firm footing (won on 'heavy' and 'soft'); ran well for the most part in the Atto Mile, huge in the Oak Tree BC; but can he overcome the post, his racing style that figures to have him at least 5 lengths behind at the half? we'll see.

Susu

Her trainer's started 6 in past Miles with a 3rd in '87 the top-per; already stated the exploits of prior distaff Mile winners, already stated the 'anti exploits' regarding Europeans from prior BCs at Gulfstream, negatives via 'quick returners' (she last raced 3 weeks ago); but she gets Lash, 'thrived' since joining this barn according to Timeform; thus, worth a look at what could be a huge mutuel? sure.

Yes, the post hurts; but this guy could overcome, and don't forget he's 2 for 2 this sod, at 1 1/16 after racing from not that far off the pace; but the Atto Mile, although with a possible excuse due to the layoff, was a disappointment as he had a clear shot with the length of the lane ahead of him and simply didn't fire; the subsequent tough to gauge for the most part as he 'was forced out on the far turn, bumped with Joe Who, raced 10 wide into the lane'; only lost by 6 and change, perhaps could have been much closer; didn't show his contending speed, though, could be in trouble from the get go as the run to the first turn quick with this guy possibly parked miles wide trying to establish position; and if not asked at all from the start might he be racing from last down the backstretch? could be the case, and that makes for an unenviable situation, both for the hoss, and for those with their money on his number.

Furlough

B C Sprint has been won by 2 fillies and one mare; Very Subtle (f) in '87, Safely Kept (f) in '90 and Desert Stormer (m) in '95; all 3 were speed horses who were either on the lead or all over the pace in their B C wins; even the ladies who have finished 2nd in the sprint- Pine Tree Lane, Safely Kept, Meafara and Soviet Problem- were effective due to their early lick; Furlough is lacking in the speed department; '5yo mare needs a suicidal pace war followed by a clear path through the lane to make her impact felt; Beyer backers not going to look twice as career high fig of '107, earned racing 8 1/2is, does not stack up well with the 115-plus figures many in this field post on a regular basis.

Kona Gold

Prep in tow with belief being 3rd finisher in the '98 B C Sprint was not fully cranked off the bench for the G2 Ancient Title; sports a history angle with 4 B C Sprint winners having won the race in their 2nd try; Smile did so in '86, Safely Kept in '90, Cardmania in '93 and Lit de Justice in '96; 'Gold plenty fast but will rate as did so in the '98 B C sprint; main knock is if on the lead it may come at the cost of being used, as bealing Enjoy the Moment to the front will prove to be an arduous undertaking; if rated, may be battling head-to-head with Lexicon and Artax, among others; big plus is the 3rd in this race last year and improvement in the Beyer area since; can't ignore but do prefer to limit use of 'Gold to gimmicks.

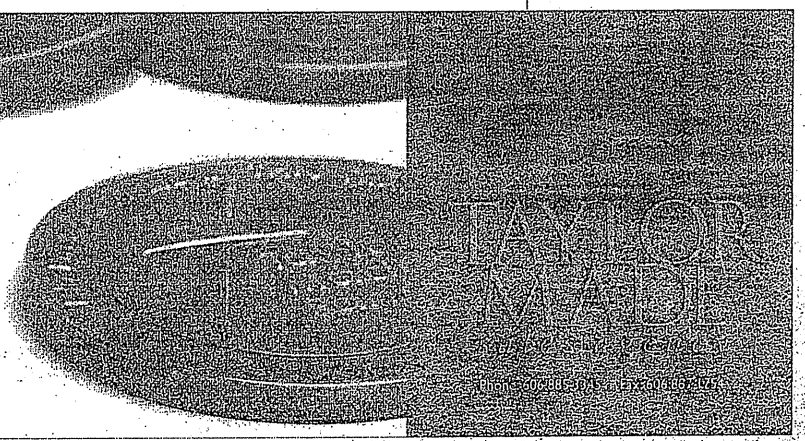

Big Jag

Professional racehorse; 'Jag wins from anywhere, just off the pace, stalking or from a closing position; any backer of Kona Gold has to be wary of this Cal-bred sprint star as 'Jag had 'Gold's number earlier in the year when winning the G2 Palos Verdes and the 7f G2 San Carlos at SA; 'Gold did beat 'Jag in an abbreviated 5 1/2f sprint; 'Jag's versatility is the key as will make a big run from off the pace behind the anticipated fast splits; average winning Beyer for the first 15 runnings of the B C Sprint checks in at 114; 'Jag has equalled or topped that figure 3 times; viable longshot play.

Enjoy the Moment

Interested in betting the fastest horse in the race?—look no further, who among the field has more .43 and change 4f splits than this speedy filly?—only Kona Gold has recorded such a split in '99 while 'Moment has accomplished the feat on 3 different occasions; okay great, 'Moment is fast but can she last?—how about .43.80 for the first 4 furlongs in the 7f G2 A Gleam H. before drilling 6fs in 1:07.80; 'Moment kept on running to the wire winning the 7f test by a length; trainer Spawr has told the DRF 'Moment will be the horse to catch; unbeaten in 2 starts with Flores aboard and David stays; also has beaten males; the '99 version of Very Subtle, 'Safely Kept or Desert Stormer arrives plenty 'live' at what figures to be a double-digit number.

Artax

Kudos to trainer Louis Albertrani who has turned a horse who struggled around 2 turns in SoCal into a sprint machine out East; 2 efforts by Artax jump off the page, indicating ability to win this event; broke the GREAT Dr. Fager's track record in the 7f G1 Carter May 2 at Aqueduct before breaking Groovy's 6f track record at Belmont in the G2 Forest Hills H.; now for the bad news: last 4 B C Sprints have been won by Cal-based runners; in '98 an Eastern-based Affirmed Success was the chalk; he finished 6th; also wondering how Artax will respond if unable to clear; loss in the possibility of another troubled start and Artax is a tough sell at a short price.

Summary table for 'Successful Appeal' with columns for Life, D.Fst, Wet, Turf, Dist, and GP. Includes sub-tables for L 124 and GP.

Successful Appeal

Gaining momentum for the Sprint off the 119 Beyer in the G2 Ky Cup Sprint score; like the improved position at the 4f marker of that race as he was a head off a .44.80 split; however, 4f split likely to be .43 and change in this heat, meaning 'Appeal' will have to rally from farther off the pace; raced behind the .43.40 4f split in the 7f G1 Kings Bishop yet could not make a run at Forestry; Forestry gets the jump on 'Appeal once again; belief here is winner of the Sprint does not come out of the Ky Cup Sprint for the 2nd straight year; gimmicks only.

Summary table for 'Stravinsky' with columns for Life, D.Fst, Wet, Turf, Dist, and GP. Includes sub-tables for L 124 and GP.

Stravinsky

First try on dirt for the first-time Lasix user; lone Euro winner of B C Sprint; Sheikh Albadou in '91 at CD; 'Sheikh returned \$54.60; Euro-runner Dayjur finished 2nd as the favorite in the '90 sprint after impersonating Michael Jordan in the lane; big concern with an Euro-shipper is the fast fractions they often face for the first time; Timeform does refer to Stravinsky as a top-class performer; however, simply don't care for the Euro-shipper trying a new game vs. basically the top dirt sprinters in the U.S.

Forestry

Quality animal; loved the G1 Haskell Inv. run when part of a pace duel every step of the way on a track which was drying out; did not stop in the Haskell despite dueling much of the 9f race along the inside; came back to turn in arguably the #1 sprint performance of '99 winning the G1 7f Kings Bishop at Saratoga; a half-length off a 4f split of :43.40 and on the lead through a 6f split of 1:07.60 in that win; has not raced since Aug. 28; however, check out the Oct. 13 6f work from the gate in 1:10.60; there is your race folks; Baffert won the Sprint in '92 at GP with Thirty Sews; 'Sews had not raced since Oct. 5 before winning Oct. 31; who better than a former quarter horse trainer to crank up a horse, off a layoff, for a sprint?; 3yos have won the Sprint on 3 occasions; the horse to beat.

Good and Tough

Closer at the mercy of the pace; also no cinch to find a clear path through the lane vs. a full field containing 13 rivals; career-best run for 'Tough came sprinting on the GP main when posting a 116 Beyer in the Deputy Minister; has not run back to that figure since; on the plus side, average winning price for first 15 B C Sprint winners stands at \$23.22; a closing "Tough will offer that type of "value."

Vicar

Gritty 3yo simply not fast enough; 2 lengths off a 4f split of :45 flat in the Phoenix B C at Keeneland last out; will be in nowhere land after the first 4fs if unable to pick up the early pace; in terms of Beyer figures, needs to "freak" in that category just to contend for a top-3 finish; drilled by Forestry and Successful Appeal in the G1 Kings Bishop which is strike 3.

Son of a Pistol

Simply not the same horse who reeled off Beyer figures of 116 and 118 in winning a pair of SoCal sprints in '98; stalking style leads to finish with a flourish trying to beat a much sharper Forestry to the wire; note was no match for Big Jag in the G2 Potrero Grande; also no match for Regal Thunder in the G2 Pat O'Brien H.; those 2 rivals not the top-4 choices in this event; would be a huge surprise.

Affirmed Success

Belief here is '98 was 'Success's year; had won 3 sprints by a combined 16 1/2 lengths prior to the B C Sprint which led to being the '98 Sprint favorite; finished 6th; now is coming of a '99 campaign in which there are no wins on display; connections trying a new tactic bringing 'Success up to the race fresh; still can't back a runner whose best game is arguably 7fs; toss in a possible short price and 'Success a no play; post 12 in GP sprints '96-'99: 18-206 or 8.7% winners.

Regal Thunder

Trainer Canani on record saying 'Thunder was not 100% cranked for the G2 Ancient Title B C H.; became a B C Sprint candidate posting a 117 Beyer in winning the G2 Pat O'Brien at 7fs; was a half length off the pace at the 6f mark of that race; that is troubling considering 'Thunder has not won in 3 6f starts; closer may need at least another half-furlong to get up for the win; jockey fans willing to take a swing with Nakatani aboard; Corey has won the last 3 B C Sprints with Lit De Justice, Elmhurst and Reraise; 'Justice and Elmhurst were both closers; still prefer to limit use to completion of the exacta or trifecta.

Lexicon

Leaped onto the sprint scene with a 121 Beyer earned in a 5 1/2f dash at Del Mar; verified that 121 by posting a 120 winning the G2 Ancient Title B C H. on the front; beat a legitimate B C sprinter in Kona Gold in doing so; speed has been the game; outside post leads to pressing the action on the front from an outside position; unfortunately, post 14 also could lead to Lexicon racing 4 wide on the turn if unable to clear the bulk of the field; tricky read, meaning the reward (price) must warrant the risk.

Trainer Bobby Frankel is shooting for his 4th female turf champion since '95 with this older filly, having won the '95, '96, and '97 titles with Possibly Perfect, Wandesta, and Ryafan, respectively; a victory in the Grade 1 Yellow Ribbon was included among Ryafan's '97 honors, and the Yellow Ribbon served as a quasi "Filly and Mare Turf" for many years prior to the establishment of this race; "Fern came home the final quarter as quickly as Caffe Latte in the Yellow Ribbon but didn't have to rally from as far back as 'Latte; a victory here could prove sweetest to Frankel, as through last year he has yet to win a Breeders' Cup race out of 30 starters; must respect chances to overcome the drought here.

Finished a neck ahead of the '98 female turf champion Fiji in the rich Vinery First Lady, but the 5-year-old Fiji was racing for only the 2nd time this year and had to pass on this event after struggling with respiratory problems; otherwise, this year Grade 3 and ungraded fixtures have been this mare's bread and butter; class test presented by this group is complicated by the nagging question of whether "Temper really wants to go this far; she stayed nicely in the 9 1/2-furlong First Lady but faltered in the 10-furlong Grade 1 C C A Oaks; many a runner by Storm Cat finds his or her limit at 10 furlongs; remains a likely pace player.

Barn was high on this sophomore going into the Grade 1 Del Mar Oaks, a race that was controlled by the pacesetters Tout Charmant and Smooth Plier; Canani, one of the better turf conditioners on the Southern California circuit, had to be pleased by "Latte's renewed frothiness in the Grade 1 Yellow Ribbon against older fillies and mares; late foot shown at 10 furlongs gives her clearance at this trip and this youngster with plenty of upside at her age could be peaking just at the right time.

Perhaps this Canadian sophomore didn't care for the yielding course at Keeneland for the Grade 1 Queen Elizabeth Challenge Cup; if so, then she might be in for some rough sledding here; aside from the unplacing last outing, her only other Grade 1 start resulted in a well-beaten 3rd behind Silverbulletday; was the 3rd choice behind favored Midnight Line and Anguilla in the Grade 3 Canadian; inclined to support others.

 An important participant in the filly and mare turf scene in the Garden State, but stakes efforts outside of Jersey leave plenty to be desired; drubbing at the hands of several of these in the Grade 1 Flower Bowl was followed by a disappointment in the ungraded Bryan Station, hardly an inspiring foundation for a major contest such as this one.

 Brings a high, albeit far from celestial, Timeform rating to the proceedings; will be tested in a Group 1-like context for the first time since winning the Group 1 Italian Oaks off the graduation; successful trans-Atlantic foray for last year's Grade 2 E. P. Taylor gives a lift for the latest invasion and this older filly is proven at the trip; wouldn't be surprised by a reversion to a stalking style off the move from weaker Group 2 company, a la '98 E. P. Taylor victory, a course of action that would probably be in line versus these; Cumani won the '94 B C Mile with Baratheas.

Insight
 Victory in the Grade 1 E. P. Taylor not only atoned for the 5th-place finish in the North American debut, but it also went a long way toward reassuring those that were impressed by the strong '98 campaign; the Group 2 Prix de l'Opera is perhaps the most productive Group/Grade 2 in the world, and this filly won that fixture and she ran well against faces familiar in American graded stakes like Pharatta and Khumba Mela; much improved run at Woodbine and sharp efforts over moisture-laden courses in France can be partially attributed to the fact that Sadler's Wells is in pedigree, and highlights attractiveness on a turf course that should have measurable give to it.

There has been much discussion over how the European invaders have fared poorly in Breeders' Cups contested at Gulfstream, with the relatively warm and humid South Florida weather usually given the blame for their performance; it's hard to argue with the numbers, as 28 Euroinvaders have made B C starts at Gulfstream, with no winners, one 2nd, and 4 3rds; the Europeans did fare better in '89 when the course was rated good, as only a head separated French import Sierra Roberta from a win in the B C Turf (won by Prized), a fact that should lead to a bit of speculation as this course will probably have some give to it; in this mare's case, one finds a runner accustomed to offering a big effort after crossing the Atlantic, and one that makes the 2nd B C appearance for a multiple B C-winning trainer; first preference here makes sense off the distance record and first-time B C option of racing against femmes only; don't usually hold an unplacing in the Arc de Triomphe against a B C starter, as they often run better in the B C than those that have given their all to take Europe's biggest prize; respect.

Charted a main-track course for much of career, but a problem with arthritis and a favorable turf pedigree directed this mare toward the green late this year; at the very least, racing on turf has given this Grade 1 winner a kinder surface to negotiate, and Lasix has been part of the program since the first grass start; wide trip didn't help in the Grade 1 Flower Bowl, an experience that was undoubtedly in Schosberg's mind when the post positions were drawn here; has enough speed to get good position, which would help to alleviate potential traffic woes; at the trip, wouldn't be surprised by at least a prominent pace role.

Timeform Rating Explanation

This foreign past performance sample illustrates the new Timeform rating feature in *Daily Racing Form*.

Timeform ratings, the European rating system based on speed and class, appear in *Daily Racing Form* for all races run in Britain, Ireland, France and the UAE.

TIMEFORM RATINGS

- 140 An outstanding horse
- 130-135 Above average Group 1 winner
- 125-129 Average Group 1 winner
- 115-120 Average Group 2 winner
- 110-115 Average Group 3 winner
- 100-105 Average listed race winner

These ratings refer to 3-year-olds & up. 2-year-old averages are slightly lower.

TIMEFORM RATING SYMBOLS

The following symbols, attached to the ratings, are to be interpreted as follows:

- p Likely to improve.
- P Capable of much better form.
- ± The horse may be much better than Timeform has rated it.
- d The horse appears to have deteriorated and might no longer be capable of running to the rating given.
- § Unreliable (for temperamental or other reasons).
- §§ So temperamentally unsatisfactory as not to be worth a rating.
- ? The performance may not be worth the rating shown; the horse may be flattered.

A CLOSER LOOK

BC Juvenile

Chief Seattle

In the last 2 years here at 1 1/16 miles (fast and wet-fast tracks), horses leading after 6 furlongs won 39% of the time for a flat-bet profit of 129%; there have been 12 runnings of the Juvenile at this distance and 50% were won by the 6-furlong leader; this one couldn't repel the stretch run of Greenwood Lake; the last 5 Juvenile winners prepped in either the Breeders' Futurity at Keeneland (3 winners) or the Champagne (2 winners); stumbled at the start of the Futurity at Belmont, but broke sharply and set the pace in the Champagne; regressed on Beyer scale last time despite getting first-time Lasix (normally a good return-on-investment angle for this barn); half-brother to \$64,680 earner Greyciousness; dam made \$171,757; got away with a quarter-mile in 23.82 seconds in the Champagne, but covered the next quarter in 22.76 under pressure from favored More Than Ready; would be a mild surprise, but he's not out of the question.

High Yield

Lukas blamed himself for the grim Champagne effort, noting the colt put on 50-75 pounds leading up to that race; "I just ran a short horse," Lukas told DRF's David Grening; the screws have been tightened and earlier this week Lukas said, "I think High Yield may be as good a horse as there is in the field"; from 29 Juvenile starters, Lukas has 5 wins (most recent was Boston Harbor in '96) and 3 2nds; bred to go at least 1 1/16 miles; Bailey has been aboard 2 of the last 3 Juvenile winners; attempting to become the first winner of the Juvenile who wasn't bred in Kentucky (12 winners) or Florida (3 winners); sire was 2nd in this race in '85; dam made \$114,527; it's reasonable to expect improvement.

Personal First

Seemingly adds to the pace scenario; been in front after a quarter-mile in each of his last 4 starts; cost \$72k as yearling in addition to the sale showing in his PPs; half to \$256,750 earner Hot Wells; dam made \$120,065; Paulus was miffed when this one was excluded from the body of the Juvenile (he was first alternate) by BC Selection Committee; according to the trainer, committee members said they thought his horse couldn't get the Juvenile distance; "That set off a fire in me," Paulus said; earned best figures in sprints; unlikely win prospect, but it's worth noting 5 of the horses who have finished 2nd in the Juvenile in the '90s went off at 30-1 or higher.

Millencolin

Figure-oriented players will be among those taking a skeptical view; the Breeders' Futurity has been a key prep for the Juvenile, but this one wasn't close to the exacta; rider Smith after the race: "He never got hold of the track at all"; Day's back in the saddle and is seeking to win Juvenile for the 3rd time; dam has had 6 runners with earnings exceeding \$100k, led by I Rejoice at \$502,476; of the 15 Juvenile winners, 13 were 2nd or better in their previous start; Lukas is by far the all-time leader in Breeders' Cup wins and earnings; however, of barn's 2 runners, High Yield may be the more serious threat.

One of 2 Juvenile starters from this barn who is by Danzig and cost \$1 million as a yearling (Brahms is the other); has a group victory, but is rated lower than Brahms by Timeform; in their "Black Book," Timeform chaps describe him as "sturdy, good-topped colt; has plenty of scope"; first foal out of dam who made \$38,225; look of a longshot.

Whether it was the slop, Lasix, added distance, or some other factor, he took a significant step forward last time at Keeneland; last year's Breeders' Futurity runner-up, Answer Lively, came back to win the Juvenile; Pletcher was planning to give this one a relatively early start this year, but colt "got loose one morning at Belmont and skinned himself"; rider Bravo on the Keeneland trip; "He took all the mud and dirt right in his face and he never backed away at all, he got in the pocket and followed the leader (Captain Steve) around there"; dam made \$303,844; some others look n...e intriguing on the win end.

Each of the last 3 Juvenile winners made his previous start in the Breeders' Futurity, so he's exiting the proper race; DRF chart footnotes reported he jumped float marks on the track near the 5f marker and said he was "hesitating a bit over the marks left by the starting gate near the finish"; Gomez said the colt lost concentration midway around the first turn; "He got out of the race and he really never did get back in it. He lollygagged around there the whole way"; cost \$12k as weanling in addition to sale showing in PPS; his sire won this event in 1990; dam made \$36,680; he finished behind Dixie Union twice at Del Mar; some things to like.

Got a demanding test in his first start against winners, as the 1-2 finishers in the Norfolk appear to be major contenders in this race; didn't seriously threaten the top 2 in the Norfolk, but came away with a decent speed figure; "bumped lightly at the start," according to "DRF chart footnotes; needs to continue improving pattern; bred to go at least this far and is capable of closing; half to \$41,480 earner Sorcerer; dam was unraced; would consider a minor award a moral victory for him.

Forest Camp

His Del Mar Futurity score was among the most impressive sprint wins by a SoCal juvenile in the '90s; according to Baffert, this one "was a tired puppy" after the Norfolk; "It put a good bottom on him," Baffert added; using a measure of 6 lengths per second, it took Forest Camp 26.01 seconds to run the final quarter in the Norfolk; he's going to need more oomph in the 'ane here to succeed; combining 2yo of both genders, there have been 49 runners who have shipped from California to an out-of-state Breeders' Cup - and one winner (Pleasant Stage, Juvenile Fillies, '91); exceptionally talented; this one's dam made \$175,431; obvious contender.

Kiss A Native

Tough to knock runner who is perfect in 3 starts and has a combined victory margin of 36 lengths; 3 of the last 7 Juvenile winners came into the race undefeated (Favorite Trick in '97, Brocco in '93, and Gilded Time in '92); White, typically among Calder's leading trainers, wasn't trying to execute a betting coup when this guy started for \$32k maiden claiming; afterward, White recalled, "We said, 'Where in the world did that come from?'; he's had to deal with pace heat; ideally, he'd have more time between races; the last time the Breeders' Cup was at this track ('92), a runner who made his previous start at Calder was 2nd in the Juvenile (It's all known fact at 47-1).

Dixie Union

Has highest last-race Beyer; of the last 8 Juvenile winners, 2 have owned or shared the highest last-race Beyer going into the race; before the Norfolk, there was discussion about whether he could be as effective going 2 turns; he emphatically answered that question despite being fanned wide into the clubhouse turn; from this post, he might lose ground on the first turn again; expecting him to be one of the top 2 betting choices; each of the last 10 Juvenile winners was either the first or 2nd choice in the wagering; dam made \$200,880; this is the rubber match with Forest-Camp, who ran away from him in the Del Mar Futurity; leads field in total wins and graded wins; threat.

Hugh Hefner

Lives in a stall, not in the Playboy mansion; brought weak figures into the Cal Sires at Santa Anita, but put up a triple-digit Beyer in that race despite a pace battle; didn't like being taken back in the Best Pal; in the Cal Sires, Jones said, "He was able to use his big, long stride and show his true ability"; as for stretching out, Jones said, "He's got ruder written all over him"; sire was 2nd behind Arazi in '91 Juvenile; dam made \$65,780; in 5 of the last 7 runnings of the Juvenile, a horse breaking from one of the 2 outside posts finished 2nd; despite solid last-race Beyer, his odds should be Hef-ty.

Brahms

Made some sweet music in Group 1 sprints in England, finishing in the money each time; lots of firsts here: first start in this country, first route, first race on dirt; O'Brien: "He's doing his best work at the end of races"; this one's dam earned \$565,024 and won the Eclipse Award as champion older female in '91; in their "Black Book," Timeform experts describe this one as a "strong, compact, deep-bodied colt; has a quick, fluent action"; leaning toward those with experience in this country.

Dream Well

With remnants Hurricane Irene left over, the lake overflowing, it's anybody's guess what the conditions of the course might be at post time; with that in mind, this guy gave Daylami all he could handle in Irish finale, like the fact he handled a big field winning the French Derby last year and note he did have the soft turf excuse in '98 Arc; throw out that Arc and this guy is a model of consistency but has had a bit of a hard time closing the deal at crunch time; with others in here having already beaten him, would expect value to be high and he could give backers an honest run for longshot money.

Royal Anthem

In a forgiving mood?; one had better be in order to excuse his cave-in job to Daylami in the Champion; on the bright side Mott's new student has been a tiger off the layoff and there is no better trainer to help induce a top effort from a returnee, though that is not the winning profile in this event; the beaten chalk in the '98 BC Turf, maybe he got his bad race out of his system last time and is ready to resume a prominent role; likely looking at much faster splits than the ones he was allowed to carve out in winning at Woodbine last year but colt does have enough zip to be in first flight; his 138 Timeform rating in the York event is highest of any Euro in the field; that alone gives him credentials to step up and be counted today.

Daylami

Valid excuse of heavy ground in the Arc, was thought to be passing on this race but the Turf is part of opulent World Series Racing Championship that Godolphin is tied in to; Mott's former assistant, Tom Albertrani, now Suroor's assistant, was quoted last week as saying: "Daylami's settling in very good, I couldn't be happier with him"; awesome in his only U.S. start last year, and subsequently flattered when Buck's Boy won at Churchill; his race in the Irish Champion was tremendous as when he came to favored Royal Anthem, he looked that rival in the eye and proceeded to go by him like 'Anthem' was a statue; Timeform ratings are sensational and if one erases the Arc, he's a complete standout; the Euros are zero for 28 in BC races run at Gulfstream but Andre Fabre trainees Sierra Roberta and Star Lift were beaten a head and a length respectively in the '89 renewal here; Frankie Dettori hoping for a little revenge after taking a beating, probably rightfully so, in the media about his ride aboard Swain in last year's Classic; if this guy fires his best shot, the rest are running for minor awards.

Took this guy 15 races to break his maiden but once he did he climbed through his conditions under McAnally's care, finally got some confidence and has turned into a solid performer; had a license to be short in the Oak Tree race but has never won at this distance and has had some other close calls go his way; a non-factor in last year's renewal coming off a better Oak Tree effort, have a feeling same could be in store.

Buck's Boy

Defending champ coming into this year's edition with only 2 races under his belt but there is no doubting his class or ability; strategy is no secret, rider is sending at the sound of the bell as usual; no one has ever gone wire to wire in this race except this guy; the '88 winner made the lead, lost it and came back on to win; stalkers have an edge over deep-closer types as one wants to be within contact (4 or 5 lengths back) with a half mile to go; obviously the Sky Classic at Woodbine was not the ultimate goal; this is a serious contender that hasn't run a bad race on grass in last dozen starts; he'll probably have to outrun Fahris, Val's Prince and maybe First Magnitude early, then hold off all comers, to win the whole thing.

It's not a natural, but Santos shoots for the BC Turf hat trick today; he realizes, probably better than anyone, that a traffic-free journey is most important and has referred to the goal of getting near the front into the last turn to have an advantage over the Silky Sullivan runners; maybe this pace presser didn't care for the soft course in the Man O'War but he was definitely flattered by Val's Prince, who has won a pair of Grade 1 races since his drubbing in the Sword Dancer; veteran failed in his other comeback races but they were of the 6/8-month variety and not the 8-week fresher of late; in the exacta in half of his lifetime starts, could prove a factor if he brings his A game.

Paul Cole has been to the wars before with 7 prior BC starters and he almost rocked the world when Ibn Bey was 2nd by a length at 38-1 in Unbridled's '90 Classic; this guy popped and stopped in Canadian effort and again figures well placed early on here; could prove spoiler in that he can pressure Buck's Boy and the rest into submission; have a gut feeling he could be overmatched.

As noted Fabre almost spoiled Prized's party in the '89 renewal when his 25-1 shot was forced to check and got beat in a photo; flattered when Montjeu returned to win the Arc, this talented soph gets the test of his life here in 1st Grade 1 event; 4 sops have won this event, 7 only a year older, and four 5-year-olds have won, which means those 6 and over have blanked; but at this time of the year the main thing is if you are good enough and if one can get the right trip; he could be biting off more than he can chew at this point but fact he loves a soft course and has a world-class conditioner in his corner makes him upset special.

Val's Prince

Started his career winning a \$12,500 maiden claimer, 45 races later is running for winner's share of over a cool million; of his 13 wins, 7 have come in the fall or winter; maybe he just starts getting warmed up when the leaves start changing; Bond in the Breeders' Cup is zero for 4 but got 2nd with L'Carriere in the '95 Classic; and this guy has done no wrong since entering 007's shedrow; positional speed, in the form of his life, he likes the course and can get the trip; throw in fact he's won on course and also on soft grass and he has a royal chance to cash all the marbles.

Ability to be placed anywhere and still win has to be this veteran's ace in the hole; his style lends itself to the right kind of trip in that he should be able to be within striking distance with a half mile to go; okay, he's caught real soft splits the last 2 races but his tactical speed gives him outside shot for at least a slice at a price.

Dark Moondancer

Timing is everything in life and owner Cella hoping for that deja vu feeling; his Northern Spur won the '95 BC Turf when close to the lead every step of the way on soft Belmont course; Alain De Royer-Dupre, who won the inaugural BC Turf with 53-1 Lashkari, had this horse in Europe; now in McAnally's care, the trainer was quoted last week as saying: "Alain has been training him on a short track to get him used to the turns and he said he's handling it very well"; the 50% win machine was scratched from the Arc due to heavy ground and "because he missed about a week of training with a touch of a virus"; Cella has been quoted as saying: "the Turf wasn't really the goal but since the horse is ready we'd go on and give it a shot"; unbeaten at the trip, going great guns, epitome of a gamer with narrow wins in last pair but concerned about the "virus" and fact he wasn't really pointing for this all along; this is no race to come into haphazardly; still, he's handled any kind of ground and is coming to the race as the 'now' horse.

Yagli

He won't be 19-1 like last year but his price could be inflated off a pair of dismal efforts; even if Bailey had a whistle and a traffic cop running interference he still wouldn't have been able to save this guy from troubled trip in Turf Classic; veteran wants firm ground and Mott was quoted the other day as saying: "Yagli is doing good right now, the picture of health. But the weather needs to cooperate for us. If it doesn't, it will be good for somebody, I guess"; comparing him to his '92 Turf hero Fraise, Mott said: "Both like firm ground, both have late kick. Actually, Yagli is the faster horse"; solid move on the 21st should have him on top of his game, but this guy will need help on the front end, the proper kind of sod and clear sailing when Bailey pushes the button.

Unite's Big Red

Had Calder chalk eaters crying in their beer when flopping at 3-5 last year; tough to take that kind of a price on a horse that comes from this far back; homecourter never off the board locally but his Pan Am win was against half a dozen foes, no one of this ilk; we all remember 'Big Red', this guy's no Big Red.

Thornfield

Like Josephine Baker said: "we all wake up at different times"; this guy took a few races to arrive but once he did, he has made it count; 18-1 winner of his native Canadian International, gelding gets the biggest test of his career; Phil England has had a nice season with limited stock and has been to this Big Dance before when his trainee Alleet was 3rd in Gulch's '88 Sprint win; should be juicy price and for what it's worth, Great Communicator and Buck's Boy are only other geldings to win this race.

A CLOSER LOOK

BC Classic

Catienus

Normally you'd call him the best claim around as he's G1- and G2-placed after being claimed for \$50k; however, Budroyale and River Keen are in the race; obviously biting off quite a lot here - only has the one race which gives him any kind of chance; at least that race was at 1/4 miles, but even his Beyer that day of 115 is behind what it takes to win the avg. BC Classic (avg. winning Beyer for this race is 117.3); style gives a lot of nice horses a headstart, and considering how well Behrens, 'Challenge and others come home it's doubtful he can cut into that gap significantly.

Behrens

Funny, but his reputation seems to have blossomed more off 2 losses than it did off the previous 4 wins; as good as he is, it must be noted they were indeed losses; some say he didn't handle the Belmont slop - maybe they're right, but he sure handled the slop line at Oaklawn earlier this year; River Keen still drilled him while lugging around a bad foot, and if Almutawakel is given the same mud excuse as Behrens then he's still only a head away; as gully as he is, as good as he's looked, who has he beaten? Archers Bay, Littlelively, Catienus, Precocity, Social Charter, decent horses all, but none would be considered major players here; yes, he beat Running Stag and Real Quiet in the Mass. Cap, but it was hardly overwhelming; what it all means is the likely favorite doesn't have as much room for error as many may think, and while many believe he is ready to make a forward move, can't the same be said of scary foes like General Challenge and maybe Lemon Drop Kid? doesn't he have to move forward if he's to handle River Keen and Almutawakel, anyway? remember, too, he seemed primed to make a big splash in the '97 BC Classic at Hollywood, but you couldn't find him at the finish; imposing, but not overwhelming.

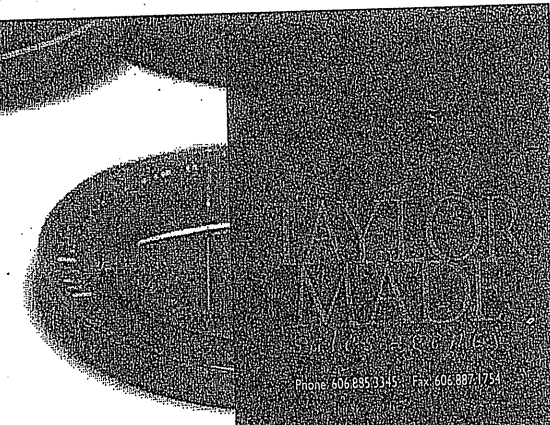

River Keen

A great story; at age 6 he's basically given up for dead, run in a claimer; Baffert dives in for \$100k...over 10 months later he's won 3 stakes including the JC Gold Cup and Woodward, and been 2nd in the Pac. Classic and San Diego; if you covered up his name and just looked at the PPs you might think you were looking at Skip Away or someone like that; there remain, however, 2 huge questions: will the chronic quarter crack problems prevent him from maintaining his form, and can he beat General Challenge? the first question is much tougher to answer, and maybe the more important - even though 'Challenge whipped him in the 'Classic, this guy looked more on the bridle, more eager and simply a better horse in his 2 NY races; at least worked big, since the Gold Cup, and all reports are the foot is doing fine; if it's all thumbs-up on the foot front you're left with the hottest horse in the country who still figures to have his doubters, meaning a better price than you're ever going to get on a Woodward/JC Gold Cup winner.

Golden Missile

G3 winner at least comes here in the best form of his life, to the track where his daddy won the Classic and clinched Horse of the Year honors; there's a bullet work on the 23rd; that being said, he only has one lifetime fig that can compete here and has already tasted the dust of the likes of Behrens and Catenus.

Vision and Verse

Typical Mott - they just keep getting better; in his last 5 races the only poor out came when he caught sloop in the Jim Dandy, also notably his first start since his fine 2nd in the Belmont; versatile horse who can certainly stay, but 3 straight times now he's been unable to handle Lemon Drop Kid...what happens when you now also throw Behrens, Challenge, River Keen and Almutawakel in the mix? it probably means a horse who may snag a share this year, and with Mott at the helm could be the horse to beat in the new millennium.

Cat Thief

Under the right circumstances he can be scary, but is 1 1/4 miles, vs. older horses such a scenario? it doesn't seem so; after that big Swaps win out West he tried his guts out in the Haskell but couldn't beat nemesis Menifee; Beyers have yet to break the 109 mark - the 3yos who have won this race had run faster by this time, and ALL the other 3yos in this race have run as fast or faster; did run well here in the winter at least; looks a bit like Budroyale, with the same strengths and the same flaws, and seemingly not enough of the former to offset the latter.

Almutawakel

Many believe Godolphin should have won this race last year, when Swain was an unlucky loser...they may get their revenge here; colt showed his quality with the Dubai World Cup upset, then validated it with a huge runner-up try in the Woodward; so he couldn't handle the Belmont sloop...big deal - he only lost the place by a head to Behrens, and was still almost 5 clear of 3rd; obviously has quality, obviously handles the trip...but what do you make of a 5f breeze over this track which was slow (1:06) beyond belief? is it a sign he's been in the States too long and is beginning to regress? or was it just a leisurely stroll since he's already plenty fit what with the Woodward and JC Gold Cup under his belt? pretty darn scary any way you look at it.

 Love the job Walden has done here - after the Ky. Derby debacle he regrouped; horse got back on track in an allowance win, then probably should have won the Ohio Derby (at least the winner came back to win the West Va. Derby by like 10); before a monster run in the slop in the Jim Dandy; what happened in the Travers? maybe expecting yet another forward move was asking too much; at least bounced back in the Super Derby, and it came on dry land and over his more highly touted stablemate; being a growing 3yo that 115 Beyer gets him close to what it takes to win a Classic; Old Trieste ensures his kind of pace; Elliott had Victory Gallop trained to the minute for this race last year; interesting.

 Regardless of the outcome here he is one of the great claims the game has ever seen - Ted West plunked down \$50k for him in Feb. '98; since then he's won 6 stakes including 2 G2s, is G1-placed for earnings of over \$1 million; the Goodwood win should still be viewed with an asterisk; he adores Santa Anita - 9 of his 17 career wins have come there; this isn't Santa Anita, and this is also 1 1/4 miles; ran his guts out going this far in the Hollywood Gold Cup but there's no 2 ways about it - it's not his preferred trip, whereas many in here adore 10fs; West know how to handle an important horse - he guided Interco's fine campaign back in the '80s; tactical speed should have him in good position on the stalk, and odds are he can loom a threat turning for home...though whether he can maintain that through the 10th furlong is another matter.

 It comes down to this - has he grown up? there's no denying his talent, as anyone who saw his Pacific Classic tour de force can attest; there's no getting away from it - he did not perform well in his 2 tries out of California; Baffert shipped here early and the horse has already done his typical monster display in the a.m...it's akin to watching Tiger Woods on the practice tee; you don't get paid for what you do in the a.m., which is why his Pacific Classic was so huge - he showed new dimensions: he was calm, he settled well, and when Flores pushed the button he went up between older horses like they were nothing...and he kept going; it looks even better since as River Keen, unable to get close that day, has since done the Woodward/JC Gold Cup double; he's a boy turned into a man, and while he got a little hot at SA for the Goodwood, he was still under control - he just got beat by a tough customer in what amounts to the ideal prep; already run fast enough to win this...it seems strictly a matter of whether he keeps his cool and if he does Behrens and Co. have their hands full.

Scotty kept telling anyone who would listen this was a quality animal; for a while it was difficult to believe, but after wins in the Belmont and Travers obviously Scotty was right; many are making the point he won those 2 races off mud preps, and that his prep for this was also in the mud - that seems more coincidence than causation; what can be said for sure is he's a quality stayer, fairly one paced but it helps him get the trip and puts him in the right spot; it also means he probably doesn't have the burst to go with Behrens and/or General Challenge if they show up with their running shoes on, but while his "A" game may not be enough on its own, it is enough if the others make a mistake, and as he's shown more than once in his career he has a knack of being in the right spot at the right time when everyone is watching.

Chester House
Juddmonte sent over the filly Jolypha to be an excellent 3rd in A.P. Indy's Classic over this very track in '92; that being said, Jolypha was a marvelous 3yo filly - this guy is a nice horse, but hardly in her class; at least you know he handles 1 1/4 miles, but others in here love the trip, too; just appears to be giving away too much in terms of recency and main track experience.

Old Trieste
Had more foot problems than Bill Walton, but the Goodwood effort was good indeed; the 7f work since was okay, but he's always been a real fast worker - the "old" Old Trieste probably would have worked even faster; the foot problems have completely thrown his schedule out of whack; connections have said the calendar has forced their hand, that he had to run a short horse in the Del Mar BC...it's a credit to his talent he ran as well as he did there and in the Goodwood; can a horse win a BC race without the preparation being perfect? Slew o' Gold couldn't; neither could Touch Gold, or Royal Anthem last year; considering daddy won this race, mommy was a G1 route winner and her sire won going as far as 1 1/2 miles, why can't he go this far, just because of his style? that being said, only Black Tie Affair has won this race wire to wire, and only 5 of the 15 Classic winners had the lead after a mile...only Wild Again and Skip Away even had the lead after 6fs; historically he's up against it, tactically he's up against it, distance-wise he may be up against it, and health-wise he's certainly up against it...but sheesh there's still the scary thought of him getting clear on the far turn with Chris rear-viewing at 15-1 or so.

Supreme Sound
Dickinson performed magic last year by getting Da Hoss ready to win the BC Mile off one race in 2 years; he'll need more magic here; even if this horse is as ready as can be, Da Hoss went into the '98 BC Mile a proven top-shelf animal - this guy is a nice horse, but hasn't handled this kind of company; last win came when he made the pace and held on - Old Trieste is surely quicker, and Challenge and Behrens figure to jump into the mix by the 1/2 mile pole, meaning the water figures to get awfully deep for him when they hit the far turn.

-Michael Hammersly
