Slew Kitty Slew

Daughter of Slew City Slew has graded stakes experience but qualifies for non-winners of two lifetime condition. Finished a well-beaten ninth in her last at Oaklawn in the Fantasy after two unsuccessful attempts to clear that condition. Failed to menace in her only start on this surface and will find this spot a very tough one to notch her second win. Can't use with only a maiden victory.

Flying In The Lane

California invader stopped at Oaklawn on her way to the Kentucky Oaks. Ran a respectable third in the Fantasy there and has some early look. Also made the pace in the Santa Anita Oaks but was no match for Lakeway in the stretch. She's never been off the board and seems to well with Grade 1 competition. On the negative side, it's unlikely she'll be able to take this wire-to-wire going nine furlongs. Top effort and a clean trip will get her past

Fair Kris

Daughter of Kris S. has a maiden win at Santa Anita and an allowance score at Aqueduct to her credit. New York bred, last win came at the distance, but she was obviously the class of the field that day going off a \$30 on the dollar. Pincay will certainly get the most out of her, but a disappointing seventh-place effort in her next stake scares me. Needs to be on or near the lead and that hurts her chances, needs a clean effort to share her

**Lakeway**

Undefeated daughter of Seattle Slew holds all the aces in the 120th Kentucky Oaks. Connections shipped her not knowing whether she would try the Oaks or Derby. Opted to take on the fillies and will be the odds on favorite. Looked good going two turns last out and has handled a wet track before. If her talent wasn't enough, the race also sets up perfectly for her. Several speed horses should cut mean fractions while she lays third or fourth. Desormeaux will ask her to run at the head of the lane and it should be all over then. Two longer works over this strip will have her sharp. Looks like a very solid favorite.

**Slide Show**

Fantasy runner-up has won five of seven lifetime starts and is very nicely bred. She posted a bullet in her only work over the surface and gets her regular rider. On the negative side, this filly has not won outside Remington and is another who will press the pace at this distance. Looks to be at a class disadvantage and would need to lay off all the speed to get a paycheck here.

**Sardula**

Breeders' Cup Juvenile Fillies runner-up makes her second start of '94 after clobbering sprinters at Santa Anita. Mayberry charge should be sitting on her best race today and gets master jock in Delahoussaye. Has one win in three Grade 1 starts and certainly has an experience advantage considering the big crowd at Breeders' Cup. Has been drilling like a champ and should run big. The only chink in her armor may be the tendency to want the early lead. If jock can keep her relaxed like he did in the Hollywood Starlet, she'll be tough to handle. Looks like the top threat to Lakeway.

**Dianas Halo**

Cross charge has her only win against restricted maidens in California. Jumps right into the big leagues here and though she looks like a solid filly, has proven to be no match for the top choice in the Santa Anita Oaks. Disappointed as the favorite in the Fantasy and has worked sluggishly since arriving here. Looks overmatched here.

- Stephen Fugitte

**EXPLANATION OF**

**SPEED RATING**

This is a comparison of the horse's final time with the best time made at the distance in the last three years. That time is given a rating of 100. One point is deducted for each fifth of a second by which a horse fails to equal the three year best time (one length is approximately equal to one-fifth of a second). Thus, in a race in which the winner equals the best time (a Speed Rating of 100), another horse who is beaten 12 lengths (or an estimated two and two-fifth seconds) receives a Speed Rating of 88 (100 minus 12). A horse receives an additional point for each one-fifth second by which he lowers the best time (if the year's best is

1:10 and he is timed in 1:09<sup>3</sup>/<sub>5</sub>, his Speed Rating is 102).

NOTE: In computing beaten-off distances for Speed Ratings, fractions of one-half length or more are figured as one full length (one point). No Speed Ratings are given for steeplechase or hurdle events, for races of less than three furlongs, or for races for which the horse's Speed Rating is less than 25.

When Daily Racing Form prints its own time, in addition to the official track time, the Speed Rating is based on the official track time.
