"In handicapping the races, how much emphasis should be placed on the jockey?"

Many readers ask this question. Statistics provide one answer. During the first 20 days of racing at Belmont Park's current fall meeting, four jockeys—Angel Cordero Jr., Chris Antley, Randy Romero and Robbie Davis—have ridden 69 of the 180 winners or approximately 39 per cent. That is a sizeable slice of the pie and suggests that the presence of those four enhances but does not guarantee prospects for a winner. Most knowledgable handicappers consider the rider very carefully in making selections. It is important to note that the desireability of one rider over another is a constantly-changing situation, for riders have slumps like every athlete.

"Please settle an argument between two old-timers. Did Osmand, the famous sprinter, ever win an important race over a distance of ground?"

Osmand, who raced with distinction for Joseph E. Widener, from 1926 to 1930, was one of the outstanding sprinters of his era. His 22 victories in 37 starts, including two victories in the Toboggan Handicap and two in the Carter Handicap carrying as much as 132 pounds, speaks for itself. Osmand, however, had more than one dimension. He was beaten a head by Whiskery in the 1927 Kentucky Derby, and in 1928 won the Havre de Grace Cup over nine furlongs at the now-defunct Maryland track, beating such good ones as Sun Beau, Crusader and Victorian.

"Do certain post positions have an advantage when the track is off?"

Not as much when the track is off as when the track is drying out. Tracks drain to the inside. As the track dries, the outside dries first. On a drying-out track the inside can become holding until the moisture is gone. That gives the outside horses a bit of an advantage.

"Which provides the higher percentage of winning favorites: racing on the dirt or racing on the grass?"

"The majority of grass races in this country are run over a distance of ground," notes racing secretary Bruce Lombardi of the New York Racing Association. "A favorite generally has a better chance of winning at a distance than in a sprint. He has more time to overcome trouble. This would tend to give a slight edge in form to grass racing."

"When should one back a horse who has been away from the races for a period of several months or more?"

"If a horse is training particularly well, as indicated by workouts, he might be considered for support, even though he's been away for a while," says veteran trainer Phil Johnson. "The distance of the race for his return would be an important factor in this decision. But perhaps the most important consideration is the trainer. Some men have a knack of getting a horse ready for his first start after an absence. It is worthwhile for handicappers to study the records of trainers in this respect. Some trainers prefer to bring a horse back gradually, and their horses will be more effective after a race or two."

"SPRINT" ROGERS

DIRECT FROM LAS VEGAS

HORSEPLAYER'S CONVENTION

ATTEND A 3 DAY TEACHING/PLAYING WEEKEND

CONGRATULATIONS! You are invited to attend 3 glorious days at a Thoroughbred Handicapping Convention. You will receive the knowledge that only the professionals from the gaming capital of the world possess. The knowledge of how to overcome the biggest problem in racing — how to separate the contenders and the knowledge of the two factors required to bring you to a horse that is fit and ready to win. Just imagine you are going to be able to go from being just a fan, to being a professional in just 3 days. Come join the fun of learning how to professionally play the horses from the nation's #1 Handicapping Teacher "SPRINT" ROGERS.

(CREDENTIALS) "Sprint" is the Founder and Director of the Professional Handicappers Association in Las Vegas. He is a former track handicapper and nationally known teacher of Thoroughbred Handicapping and TOTAL CONTROLLED INVESTING. He has co-authored the greatest handicapping teaching book SELECTING WINNING HORSES THE LAS VEGAS WAY. "Sprint" is also the publisher of the nationally acclaimed BEST RATINGS which consist of copywritten Speed and Class Ratings for all major and minor tracks in North America. This horseracing strategist has also developed teaching manuals and computer programs. He has done it all. "Sprint" has taught owners, trainers, jockeys, and the racing public. In fact, since 1975 he has taught/lectured to tens of thousands of racing fans across North America, many of whom are qualified to make a living at the track. Now, he is going to do the same for you. His secret is speaking in plain lanuage so that all of his material is easily understood by the beginner and praised by the advanced player.

HERE'S HOW IT WORKS!!

FRIDAY, JULY 7 AT 7 P.M. (for approximately 4 hours) You are going to be taught a complete step by step method of handicapping from A to Z including the soundest money management method in racing. You just bring yourself and a notebook, sit back, relax, and enjoy a fun-filled evening. You will be able to enjoy the thrill of prossessing the knowledge of the nation's #1 handicapping teacher. But it doesn't stop there. DAY 2 and DAY 3 (SATURDAY AND SUNDAY AT 9:30 A.M.) we're going to put all of your new-found knowledge to work. We're going to further teach you by actually handicapping every race for both days at your track and we are going to come up with the plays for each day. And then the fun begins, because you're going to spend these 2 days at the track with "Sprint" and other members of the Professional Handicappers Association for your final phase of learning, as well as teaching you the bottom line which is when to pass and when to play. Put yourself in good hands. Let "Sprint" teach you to be a great handicapper. Be sure to attend this fantastic 3-day racing convention.

Triple Dead-Heats for Win

The most famous triple dead-heat to win of all time and the only one on record in a stakes race came in the 1944 running of the Carter Handicap at Aqueduct on June 10. Joe W. Brown's Brownie, Belair Stud's Bossuet and William Ziegler Jr.'s Wait a Bit were deadlocked at the end of that seven-furlong event run over a sloppy track. The trio finished a length and a half ahead of the early pacemaker Bill Sickle with Apache, who was coupled with Bossuet, fifth.

Following are the triple dead-heats for win since 1940:

Year	Date	Track	Winners			Type of Race
1940	Sep 21	Willows Park	My Debut	Margery Daw	Saucy Maid	Claiming
1942	Oct 6	Detroit	Sabra	Cutloose	Queen Echo	Claiming
1944	Jun 10	Aqueduct	Brownie	Bossuet	Wait a Bit	Hdcp.Stakes

1955	Oct 22	Caliente Race Track	Stormsorno	Beaufair	Chance Speed	Claiming
1957	July 3	Hollywood Park	Joe's Pleasure	Challenger Tom	Leaful	Claiming
1963	Aug 10	Arlington Park	Royal Redress	Livingston	Mr.S.Chance	Claiming
1965	Nov 18	Sportsman's Park	Paddy o' Rock	Me Willwin	Miss Brendy	Allowance
1966	Aug 27	Fairmount Park	Noholts Bard	Turn Tattle	Off Short	Claiming
1966	Sep 5	Scarborough Downs	Around the Moon	Gold Bomb	Rebel Cheer	Claiming
1968	May 2	Beulah Park	Payola Joy	City Market	Equicharge	Claiming

was not ready to go a mile and three-sixteenths because of the training time I had lost with him. Ted Aroney and Alan Magerman are very knowledgable and understanding owner, and they agreed to let me make the decision. I ran him in the Gold Rush instead—it was the same day as the Preakness, and he was short going a mile and one-sixteenth."

Hollendorfer and his owners looked over prospective stakes in California and most of the races that would fit King Glorious were to be run on the turf course, and they felt they did not want to wait until July 23 when the Swaps Stakes is run.

"We decided to come East and picked out the Ohio Derby for our first start. The weight is very favorable (120 pounds), and if he wins this race, we will think about the Haskell for his next start."

King Glorious was flown to Thistledown last Friday, and his groom and exercise rider Scott Saito accompanied him on the trip.

The 25-year-old Saito was a jockey for two and one-half years and has been with King Glorious for a year and one-half. He gave up a return to the saddle to stay with King Glorious.

"He's something special," said Saito, "and he made my decision to postpone riding for a while pretty easy. This kind of horse only comes around once in a lifetime."

"Bobby said let's go to Tampa. My uncle (the late Bobby Guciardo) has a big string of horses, and he will ride you there."

Rivera won with the first horse he rode in Florida. When the meeting was over, he had 59 winners to his credit, and he finished second in the rider's standings behind Mike Moran.

In 1980, Rivera won his first riding title, and since then he has won 11 meeting championships at Thistledown, the latest at the recently concluded Summit meeting.

Through the years, Rivera has developed into an accomplished professional, and he has ridden more than 20 added-money stakes winners.

When trainer Bert Sonnier shipped Saron Stable's undefeated Caesar to Thistledown for the Ohio Derby Prep on Memorial Day, he didn't hesitate to put Rivera on his horse. He got the job done, and Sonnier has stated that
