MR. BROOKS
More career 2nds than wins, but he just won the race that spawned last year's Sprint winner, beating the horse that snookered the Sheikh in '91 obviously, connections unafraid of the Sheikh, but there is no guarantee he'll handle a dirt track, being toward the inside in a large field, or trip abroad itself.

SENIOR SPEEDY
He and the Sheikh are the only returnees from '91; Sheikh beat him by nearly 4 lengths, a significant margin for the distance; an exciting, one-run closer with ability to overcome trouble at times, but on tighter course than usual in 14-horse field that doesn't figure to stop badly in front of him, the needle may not be wide enough for Chavez to thread; good enough to earn minor check last year, a neck shy of 3rd; relative inactivity in '92 cause for skepticism.

MEAFARA
Unbeaten in 5 races at 6 furlongs, unchallenged in 4, increasing her margin each time; inevitable comparisons to Safely Kept, but remember Safely Kept was both lucky and good in the Sprint, with many mishaps behind and beside her in '89 and '90; her scariest feature is slowest closing fraction from her last 3 races—:24 3/5; have you noticed that for all the supposed zip in here, only she and Salt Lake were leading after a half-mile in their most recent starts?; like Dustin Hoffman and Katherine Ross in 'The Graduate,' they may be long gone before rest of congregation knows what hit them.

SHEIKH ALBADOU
Only Miesque has won 2 Breeders' Cup races, but the Sheikh was fast enough to make the lead after only 5 furlongs last year, then cruise home under a hand ride; U.S. return in Vosburgh was fine effort at distance not his cup of tea; is task tougher this time around?; probably, if only because Lukas' representative Salt Lake, a double stakes winner this year, is better quality than last year's Lukas pace-setter Media Plan; remember, chaps, Salt Lake was a half-length in front of the Sheikh at the Vosburgh eighth pole; what do you make of jetting back to England after the Vosburgh and flying back to Florida for this engagement?; if it doesn't bug you, go for it, but look over your shoulder at the window and brace yourself for bombardment from Beyer boys' Breeders' Cup bloc, anticipating another bully performance based on the 2 big U.S. numbers.

A CLOSER LOOK
Sprint

THIRTY SLEWS
 Trained like the monster he sometimes is until the slightly shaky 5-furlong breeze here; yet to prove himself away from Cal.; would like to point out to you all that Del Mar was heaven for outside closers, especially so Aug. 2 in his easy win, facilitated further when speedballs Southern Justice, Scherando and Forest Glow fried their engines in front of him; ability to stalk in his favor, enhancing chances for good trip; supposedly a little sick after that race; Baffert has always battled some kind of problem with him, but usually gets him to fire best shot off layoffs.

FURIOUSLY
 Being asked to do something for the first time on Breeders' Cup Day is a shaky proposition—he's a virgin at 6 furlongs; trainer won this race with tournament tested Dancing Spree in '89; without the Vosburgh clunker in first try vs. elders, he'd be tempting, but this may be just a shot in the dark with a colt who will probably winter in Fla. anyway; for Shug freaks.

RUBIANO
 Middle distance runners not specializing at 6 furlongs have won the Sprint, but Precisionist, Smile (same trainer) and Gulch were stalking types, not confirmed closers; nobody can guarantee that this classy gray won't be trapped or forced to alter course at a crucial point; for success in this race, it helps to be capable of 6 furlongs in 1:08 4/5 or less but he has been in front after 6 furlongs only once this year—in 1:09 2/5 July 18—so even with a perfect trip there is, as yet, no concrete proof he is fast enough to get up in time.

KING CORRIE
 Odds-on, heavyweight winner of 3 in a row: Wire-to-wire from the rail, drawing off after early speed duel (Aug. 29); under a hand ride after dueling from the rail again (Sept. 17); then from farther off the pace than usual at the eighth pole to catch rivals carrying 9, 5 and 12 fewer pounds—that's class; the Feds should have taken national debt to Woodbine for a show bet on him, because Canada would have been forced to pay 5 percent on a gelding never out of the money, including his lone U.S. appearance when stuck near the rail again in large field; historically nice post, as 11-hole has yielded a win, a 2nd and pair of 3rds.

Sprint

CARDMANIA

All the traveling is a turn-off; needed that extra half-furlong at Santa Anita and he beat Gray Slewpy at Hollywood May 9 aided by closer's bias; last race not a true barometer, as trainer predicted he'd need a race before regaining best form; needs clear sailing from off the pace and if he gets it, wouldn't be dumbstruck if he earned a check—they pay \$56,000 for 4th, the best finish any 6-year-old (Fighting Fit) has managed in this race.

All Is Forgiven ... Sometimes

Although a horse's last race is usually the best indicator of his form, there are often times when a poor effort last time out is not a true reading of how he will run today. There are several circumstances when you should dismiss a poor performance, and instead base a horse's chances on previous races.

For example, if a horse was entered at a distance he can't handle, or against a higher class of opponent than he is used to facing, he could run better today at the right distance, against the right opposition.

Also, if a horse ran poorly over a sloppy or muddy track last time, and has never shown the ability to race well over a wet track in the past, he might improve dramatically if today's track is fast.

Of course, any poor race should be forgiven if the horse encountered unusual trouble, such as a poor start, being blocked or if he stumbled, was checked, steadied or forced wide.

TIME FOR A TURNAROUND IN YOUR HANDICAPPING TIME TO BECOME A SHARPER PLAYER!

The PHILLIPS RACING NEWSLETTER will put you on the right track. We come out monthly and review and rate all new methods, books, videos, services, computer programs or anything else related to thoroughbred, harness or dog racing. We are called the 'consumer's advocate' of the racing industry and try to live up to it with totally honest reporting. We have subscribers or followers in every state. Most of our readers won't buy anything until they see our rating (1 to 10) first. They save themselves hundreds of dollars yearly, that way.

And all of our back issues are available, back to our first issue in April 1975. We've never missed an issue in those 17+ years. We have a Master Index dating back to that first issue, which lists and rates everything we've written about in some 250 issues.

Our special get-acquainted offer is 7 issues, rather than the usual 6 for a half year, plus the invaluable Master Index of 68 pages, a total \$50 value, for just \$39 (US funds). You may start with whichever recent issue you wish, just tell us.

In addition to many other things like letters, tips or articles from readers, the July issue contained reviews of Trainer Pattern Guide, Level Hdcp, PRN 3+6 Method, Enehar Harness, Tiernan Advantage. The August issue had Intelitrack, Mortgage Lifter, Koycerin Wagering, Super-Master and ProCap program. Sept. had Trot by Socrates, Insider's Method, PRN 6 Factor Method, Chalk Line and George Kendall Method. Oct. had Track and Class charts, Bob's Racing Secrets, Quantum, Track King, Atkinson's \$2500 Method, Best Contenders, A Breed Apart, Crushing the Cup, and Easy-ab-Speed. The PRN methods are our own originals. Just tell us where to start your sub.

Send check or money order and you will get the first issue plus the Index by return First Class mail. Send order to . . .

A CLOSER LOOK Juvenile Fillies

ZOONAUQA
According to hometown favorite Mayberry, she pulled herself up in her last two races but in the Oak Leaf she did what few horses of any age do—in boxing terms she got off the canvas to win her fight and whip her opponent; dueled between horses the entire race, put away the speed, got passed in the lane but came back on to score the TKO; Brian cashed big in the preliminary contests here in '89 and is back for the real money today; show horse in Oak Leaf came back to win restricted stake at Anita; prime time player may even be a bit of a value.

SET THEM FREE
2 for the price of one option on this miss who beat up on softer in Frisco; \$20,000 sophomore claimers went a tick faster in very next race that day; barn has always been high on her and she does have the speed to set up her stablemate's late run.

EDUCATED RISK
Frizette heroine Meadow Star won this '90 renewal and runners-up also accounted for 2 others; after being squeezed at the start she won on an inside speed dominated strip in the Frizette while just being shown the whip in the lane; ability to stalk a major tactical plus; she has trained well locally finishing (last eighth in :11 2/5) with zest in her Sunday drill; Shug, who has won 3 of 25 Breeders' Cup races, will be bringing down his New York bankroll.

TURKSTAND
Gave Zoonauqua fits with tremendous late run in only her second career start; key question—can she overcome the experience and class edge she gives away?; projected honest pace helps cause and even though Jones is one of the best trainers of young stock on Earth, not one filly exited her maiden win to graduate.

LOVE OF SILVER
From the same teacher who gave us the Eclipse winning grass mare and Breeders' Cup Turf winner of 1985, Pebbles, this lightly raced miss may be more of a contender than pretender; good enough to win on a galloping type course at Haydock, she came back to use her athleticism winning on the tricky Goodwood course; believe me, she can run a little, but can she adapt?

They're Running As Fast as They Can

It's simple: the horse that runs fastest wins. If a horse has consistently run faster times than his competition, that horse makes for a good bet.

Juvenile Fillies

SUPAH GEM

Former claimer gets the test of her life; acclimation not the problem as she has done all her racing at Calder; but she was beaten on the square by 'Boots' 14 days ago and seems to have her work cut out.

BOOTS 'N JACKIE

The highest earner in the field, but don't let that fool you as her Stallion Stakes prize was certainly inflated considering her opposition; trainer was 6th in local winter standings; she's consistent (9 of 10 in the money) and there is enough speed in here to utilize her late kick, but doubt if she is good enough.

BOOLY

Broke maiden in a big way—in stakes at Laurel on grass and at 16-1; late running sprinter before that; rates glance if one can envision all of the speed dying.

ELIZA

Streaking road warrior hits her 4th track in 5 starts and comes off a 'hand ride' easy win going this distance in the Alcibiades; kins on both sides of pedigree could carry speed including Dinnard who beat Best Pal in '91 Santa Anita Derby; defeat at Zoonacqua's hands came when she sizzled early (:44 1/5) and just got late; looms one to beat and one could do a lot worse than that backing this Pat—Paulson ticket.

Pounding their peers

Most racetracks offer one or two races a day restricted to horses bred in that particular state, and unless the racetrack is in Kentucky or Florida, (the top two states in the breeding industry) state-bred competition is generally inferior to races in which horses born anywhere (open company) are eligible.

State-breds that demonstrate ability in the tougher open company often represent profitable betting instruments when they return to, or initially face, their own kind. During the 1990 Meadowlands meeting David's Wolf, who won the first two races of his career in open company, faced New Jersey-breds for the first time in his fifth start. Though it was a stakes race, the 2-year-old colt won comfortably and paid a generous \$10.

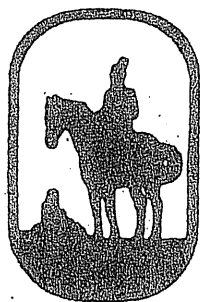

Also during that meeting, R. Vita, a Finger Lakes' veteran that had been racing competitively in open company for \$3,500 and \$4,000 claiming prices, shipped to the Meadowlands to face \$5,000 New Jersey-bred claimers and beat them with room to spare, paying \$11.40.

LIBERADA

Won on the stretch out beating some perennial maidens; this one would pay for Christmas, New Year's and every other holiday in '93.

CREAKING BOARD

It has been the penthouse ('91 Turf winner Miss Alleged) or the outhouse (a split-the-field 7th for Highest Honor in '87) for French trainer Bary; has much to overcome—dirt, 2 turns and counter-clockwise action; longshot lovers only.

BEAL STREET BLUES

Half brother Dixieland Brass won the '89 Fountain of Youth here at this distance; wasn't disgraced in the mud at Belmont and has the off the pace style that has traditionally been effective in this fixture and over this trip the last four years; marooned post a concern but 'waiting rider' Day has cashed with disadvantageous posts before; has had 13 days to acclimate to Gulfstream; Brothers hit with 23 percent of his starters here this winter; big shot to rebound and may be attractive at the wickets.

Bandages, fore and aft

The use of bandages, or leg wraps, on the front or back of horses' legs can mean entirely different things.

Front bandages may mean that the horse is not completely sound in his front leg and may not be ready for a top effort. The bandages are wrapped around the legs to hold all the muscles and tendons tight to prevent further injury to the horse.

However, back bandages are of no concern and should be disregarded as a handicapping tool. Back bandages, or "run-downs," protect the back of the horse's legs from constant contact with the racing surface and prevent blistering or rubbing the hind leg raw.

Take a careful look at the horses in the paddock or post parade and check the legs for bandages.

Handicapper Helper

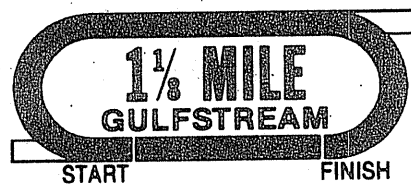

The Long and Short Of Racing

Each horse runs particularly well at a specific distance. Horses that gain ground at the finish usually benefit when tried at a longer distance; horses that have been tiring near the end of the race benefit from a shorter distance.

EXCHANGE
Done all her work against the California contingent, and hard to gauge as she ships across country; Chula Vista win over Fowda was in workmanlike fashion, and this gal has a nose for the finish line (9 of 15) and is very tough to pass once in front; a notoriously uninterested work horse, so that 1:42 1/5 should be taken in that respect; layoff since the Sept. 6 score is a bit of a concern, as others come into the Distaff with recency on their side and hardened by competition among themselves; 3 more pounds to the package, as well.

PASEANA
Reportedly worked great Oct. 23, and a big drill over the local surroundings is always a strong plus; but, the Argentine gal flopped in the Pacific Classic, then didn't have much spark when handled by Fowda at even weights in the Spinster; some of her prior Beyers would horrify these, but those were accomplished over 6 months ago; yes, her style fits this race nicely and a big rebound wouldn't be a surprise, but others are on a roll and maybe this gal is rolling the other way; tough call and drawing Post 14 adds to the pessimism.

VERSAILLES TREATY
Classy gal never out of the money in 19 starts; retires after this race, and connections would obviously like to send her home a winner; sure can't knock her string of high-powered races over various courses, but have the feeling today's distance is a bit of a reach, despite victories as a 3-year-old in the Alabama and Gazelle; Beyers slipped in both this year's John Morris and Beldame (although racing wide and against the bias) and she was handily defeated both times as the heavy favorite; in her last 9 races she's lost as the favorite 6 times; we'll look toward others on the win end, but there's no denying she could be sitting in the right place just off a fast pace.

Speed Duels Can Be Fatal

A "speed duel" occurs when two or more front-runners in the same race battle each other for the early lead. Very often, horses who engage in a speed duel tire each other out, setting the race up for a horse who comes from behind.

LITE LIGHT. Winless since the July 6 '91 Coaching Club America Oaks, and Beyerwise not what she used to be; her '92 comebacks have been decent, nothing outstanding, and seemingly her stretch punch is a thing of the past; another capable of sitting off what should be a heated pace, but a victory would come as a surprise off her recent failures.

SARATOGA DEW. Here's the 'key race' Beldame winner, and much has been said and written about her BIAS-aided score; true, she did appear to take full advantage of the inside bias that day at Belmont, but she was rolling through the off going in :45 3/5, 1:09 3/5 and 1:34 1/5 for the mile, and kept on strongly with a last eighth of :12 3/5 and a big Beyer fig while crushing her elders; don't expect her on the lead as Shared Interest (3 races earlier Oct. 10 in the First Flight) motored through 6 furlongs in 1:08 2/5, but expect her in tracking position.

CULTURE VULTURE. Here's the wild card (along with Marling), but her venture from overseas last year was a bust (in the BC Juvenile Fillies) and she's obviously unproven over a non-turf surface; nicely weighted as she's been carrying much more; but today's race is a different ballgame.

SHARED INTEREST. Have a hard time seeing this one taking these wire to wire, and she's not all that strong from the passing lane when tackling distances over a mile; Beyer believers will take a long look at the 109 in the First Flight, but filly raced with the BIAS and muddy track had a very hard bottom (note that all main-track races that day were extraordinarily fast); don't like the 12 pounds of added weight, and the front end is not the place to be in this affair as the 4 Distaffs at 1 1/8 have been won from off the pace.

MARLING. This gal and Culture Vulture are doing something new in Distaff history—they are making their Distaff start directly off an overseas race, something that hasn't been done in the prior 8 runnings; monstrous credentials and she beat Selkirk with a big rally in the Sussex July 29 at Goodwood; handled Culture Vulture on the square June 17 at Ascot; was reportedly nervous and sweaty in the Sept. 26 Queen Elizabeth II, foes were extremely strong and perhaps her race is a complete throwout; style is to track and blast, and there's no denying her class, but how does that hold up in this race (her finale)? also, reportedly did not ship well at all.

QUEEN OF TRIUMPH
Couldn't handle Saratoga Dew Sept. 2 in the Gazelle, and 2 subsequent races had her Beyers figs below 90; tackled the big girls with limited success, and her chances don't appear good at all considering the rugged competition.

DIAMOND DUO
This gal has earned nearly \$300,000, but not against this caliber; closing style fits the affair, and there's no distance limitation for this one; but, she just looks light on class (vs. these) and her Beyer figs have her more than a couple lengths back on her best day; victory isn't impossible, but would sure be a surprise—at say 30-1?

Beware of 'sucker'

It's a sad but true fact of racing: some horses simply refuse to win. Take the case of the infamous Jacques Who, who ran in New York during the 1970's. In seven years of racing, Jacques Who ran 117 times, winning just six while finishing second or third a total of 42 times. In 1973 alone, while still a maiden, he put together five- and six-race streaks in which he ran second each time, often in photo finishes.

The dangerous thing about such horses is that their last race was often good enough to "sucker" people into betting on them next time out—but somehow, they find a way to lose. Either they get into traffic trouble, they mount a late rally but "hang" in the stretch or, if they are on the lead, they pull themselves up until another horse passes them.

Invariably, when these "sucker" horses finally do win, they pay a low price. When Jacques Who won his first race, he paid \$6.80—hardly enough to make up for all the money lost on him in his first 20 starts.

Breeding, Class Pay Off on Grass

As acorns don't fall far from the trees, horses that run well on the turf often descend from parents who performed well on that surface during their racing careers. A little class and an impressive workout on the grass will also point out the contenders.

Latest workouts are published every day in Daily Racing Form.

Mile

LUTHIER ENCHANTEUR
Frankel has evolved into one of the world's finest turf trainers and a BC triumph would add to his credentials; though he's zero for 11 in Cup races, he's done well with price shots in the Mile—Val des Bois was 2nd last year as part of the mutuel field and Al Mamoon was elevated to 2nd at 18-1 in '85; this 5-year-old earned glossy 112 Beyer figure when nosed by stablemate Marquetry; overdue for some luck, but didn't have any at the draw for this race; in the last 6 Miles, 30 horses have started from Post 9 and out, with zero finishing in the money.

VAL DES BOIS
You know it's a tough game when a horse who runs 2nd in the '91 Mile is the 6th alternate for the same race a year later; returned to action in Sept. with 2nd to Bistro Garden in Del Mar allowance, then was 3rd as the favorite on soft turf in Kelso 3 weeks ago at Belmont; last 3 Beyer figures are mediocre, but best numbers are acceptable; if it wasn't for the posts, So. Cal. bettors would be salivating to bet a Frankel entry (with Desormeaux and Eddie D. up) at 12-1; conflicting information.

LURE
Mile trend has been for stalkers and closers to win, which lines up well with long-term Gulf turf bias; price shooters will be pleased to know a 25-1 shot or higher has been in the Mile exacta 6 of 8 years; breeding angle works in favor of Lure—all but 2 Mile winners have been sired by sons or grandsons of Northern Dancer and Danzig is a son of Northern Dancer; others in this field sired by sons or grandsons of Northern Dancer are Fourstars Allstar, Val des Bois and Bistro Garden; 3-year-old's first try on grass last month produced a 10 1/4-length win and hefty Beyer figure; expectations have been high for this colt since he ran 5 furlongs in Belmont record :56 1/5 in debut at 2 (100 Beyer figure); alluring exotic candidate, because he's capable of occasional giant efforts.

FORTY NINER DAYS
Has early foot, which logically would be a benefit in bulky field; however, no horse who was first or 2nd after 6 furlongs has been able to win the Mile; gray 5-year-old's victory in Grade II Bay Meadows 'Cap earlier this month was a breakthrough, as his only previous '92 wins came over tiny allowance fields; ran final 3 furlongs of BM 'Cap in eye-popping :34 2/5; horses who last raced in Cal. are zero for 23 in the Mile since '85.

LOTUS POOL

Those who appreciate horses with consistent Beyer figures will take a long look at him; 5-year-old's ability to come from off the pace fits course; proved he could carry weight 3 weeks ago when he won Keeneland BC at 9 furlongs under 126; Steinlen won that stake and then took '89 Mile here; would like him more if he had a Grade I or II victory this year; set course records at Keeneland and Arlington in '92; has either won or been within a half-length of the winner in 5 of his last 6 outings; started his career in Europe with Dermot Weld (Brief Truce).

BRIEF TRUCE

Part of an outstanding 3-year-old crop in Britain and Ireland; brings gaudy Timeform rating and a record of consistency in high-class competition to the party; his victims in the St. James's Palace included Rodrigo de Triano and Arazi; 5 of 8 Mile winners were 2nd in their previous race; Kinane and this colt combined to keep Selkirk and rider Reid in a pocket in the QEII Stakes at Ascot, helping 7-1 Brief Truce finish a length and a half in front of the 5-4 favorite; Weld won '90 Belmont with Go and Go; thanks in large part to '86 hero Last Tycoon, a flat win bet on every Mile starter who last raced in Europe would yield a profit of 56 percent; wouldn't worry too much about the fact this one hasn't raced in 5 weeks, as previous 4 Mile winners whose previous race was in Europe had each been off a minimum of 7 weeks.

FIRM PLEDGE
Comes off a nice try in the Dewhurst and may have been a trifle short; they don't rush them in England as they do in the U.S.; still has a tough task—a green colt shipping here to a different climate and ways; a plus mark is that both sire and grandsire have produced nice main track runners; should have speed from rail.

CAPONOSTRO
Was supplemented at \$200,000 and you don't shell out that kind of money to just enjoy the Fla. sun; came home in :12 4/5 in the Storm Cat, but it was still a sprint and followed on the heels of a fade in the Futurity; yes, he's coming around, but he's speed and stretching out; if you like him don't open up the wallet too much as you may see your loot going down the tubes at the head of the lane.

GILDED TIME
Done everything asked of him in 3 starts; are we looking at another Arazi? hard to gauge his Arl-Wash Futurity, but he came home in :13 1/5; some still buzzing about his 1:07 4/5 Sapling win (a 102 Beyer fig); can he go this far?, well, sire Timeless Moment has Culture Vulture (in the Distaff) and she won 2 Group I's in France at a mile; dam hasn't produced much, but 2nd dam gave us Belmont Stakes winner High Echelon, so go figure; hope the stamina blood hasn't been diluted; may have gotten the best post of all.

SEA HERO
Impressed winning strange Champagne over a good track (he was the only entrant wearing mud calks) and previously took 2 grass races; those were fast splits in the Champagne and he came home in :13; it earned him best last out Beyer fig of 97; half-brother to Hero's Honor (over \$500,000 mostly on turf), Wild Applause, Glowing Honor and good stake runners Seattle Glow and Crowning Tribute; this is the 1st 2-year-old that patient Miller has had in a Juvenile, which underlines the colt's importance; like latest work and post.

Juvenile

STROLLING ALONG
Has a similar running style as this stable's Rhythm, who won the '89 Juvenile; high-strung colt obviously didn't relish the track in the Champagne as the choice; Danzig gets classic winners, while dam Cadillacing is a full sister to Easy Goer and won 7 of 13 starts, but her major stakes wins were at 7 furlongs; expect to see improvement, but will it be enough, even with blinkers?

TACTICAL ADVANTAGE
Had traffic problems in the Champagne, and like others, he likely didn't care for the track; Special win was a tick faster than Mountain Cat's Sanford, for what it's worth; most Forty Niners are turning out to be good ones; like Eddie D. aboard; possible, not probable.

MOUNTAIN CAT
Has passed historical tests to qualify—been the route and can stalk, has experience and the money, plus broke his maiden at a major track—all qualities it took to produce the 8 previous winners; still, question the caliber he's been beating; dam won a minor stake for lone win from 24 starts; inside posts are favorable, so his 10 draw is bit discouraging; Lukas has won 3 Juveniles.

SUDDEN HUSH
Chased River Special at Del Mar, but ducked the Norfolk because Vienna felt he had a tough seaside campaign; had a 102 temperature over the weekend, responded well, yet still cause for concern; dam was decent stake runner, but there could be some distance limitations; Cal-breds are 0 for 27 in the BC; risky.

RIVER SPECIAL
Dominated in both his big West Coast wins; can make the running or stalk; final clips can match anything the boys in the East have done; stalking is the better game in the Juvenile and especially at this track; his 2 narrow defeats were off very fast times; somewhat green, frisky and unpredictable, but worked in :59 3/5 with no signs of any breathing problems.

IT'SALI'KNOWN FACT
Has come to life and will be meeting the big boys for the first time; don't like this kind who haven't been seen on major circuit; questions about his ability to keep pace early; Pincay has won Juvenile 3 times; longshot chance.

Juvenile

LIVING VICARIOUSLY
Wasn't letting go of Mountain Cat in the Breeders' Futurity, he may now be finding himself; they won't have to use a sacrificial rabbit to assure a good pace, so both McGaughey colts will be able to run their races; Rhythm was actually the lesser half of the Phipps entry in '89 to Adjudicating; take your chances; don't like draw.

FIGHT FOR LOVE
Comes up with goose eggs in the categories that produced past Juvenile winners—having the lead turning for home around 2 turns, a good money earned per start and breaking maiden at a major track; that was a good Futurity effort after his maiden win, but feel he still lacks experience.

DEVIL'S ROCK
Will have no problems with the distance; people remember Arazi shipping in to Churchill to win last year; this one ships into the Fla. sun, which is very different than Ky.; remember lightly raced Rokeby and Thayer who shipped to the U.S. last spring—few do.

SECRET ODDS
A genuine pacesetter, who set some crisp fractions in the Champagne and held on well over the good-fast strip; bottomside produced Integra (\$304,000) and Juvenile has had 3 wire-to-wire horses in the past.

The odds aren't against you

Are you afraid to bet on a horse because his odds are too high? Don't be. In the long run, you're better off betting on longshots than heavy favorites. You'll cash fewer tickets, but the prices they pay will more than make-up for it. Look at it this way: When you're playing nothing but even-money favorites, you must win half your bets just to break even. But if you play horses going off at 10-1 or higher, you show a profit just by winning one out of every 10 bets.

Handicapper Helper

They're Running As Fast as They Can

It's simple: the horse that runs fastest wins. If a horse has consistently run faster times than his competition, that horse makes for a good bet.

DR DEVIOUS
As a closer he had little chance in the Arc which was run slowly early and with an 18-horse field he had tons of traffic woes late; suffered a minor cut in the Arc which at first was going to keep him out of this race, but apparently he has healed quickly and will go next in the Japan Cup;—this marks the first time 2 Epsom Derby winners (Quest for Fame is the other) have faced each other in the U.S.; done all his running on courses rated good or worse so his ability to handle firm going and tight turns is a mystery.

DAROS
3-year-olds have won 3 of the 8 runnings; just chased Navarone and though only beaten 2 lengths, he was never a threat; not sure he really wants to go this far and when he was in Europe he was facing weaker with only mild success; Timeform rating of 120 is way below Dr Devious, who is ranked 55 horses better.

SKY CLASSIC
Makes attempt No. 3 to win this race; there appears to be enough speed for him to get a stalking trip, which has had decent success here; likely scenario sets up like this: he falls into a nice tracking trip, laying about 4th, passes the tiring speed at the head of the stretch building a short lead and tries to hold off the closers late; this might be the weakest renewal of this event and he has won on firm and yielding turf; could be the shortest priced favorite on the card, but traditionally this race is won by a longshot (favorites have won 3) with the average mutuel payoff \$34.80, the highest of 7 races; while he looks good, perhaps too good.

TRISHYDE
Trainer of Arazi truly would be a miracle worker if this one were to win; gets major weight break being a 3-year-old filly and Boutin has great BC mark, but her last 3 tries are average at best and so is her Timeform rating of 122; this is first start against males and while this combo won the Mile twice with Miesque, she does not come close to that one; longshot.

Every horse's lifetime record in turf races, (total grass starts, wins, seconds, thirds and purses) a valuable tool in handicapping, is another highlight of the Past Performances in Daily Racing Form.

A CLOSER LOOK

Turf

SUBOTICA
Ran the race of his life to win the Arc and was very hard-used to hold off a stubborn User Friendly; Timeform rating of 137 is 2nd among older horses; has to overcome the fact no Arc winner has won this race and since he coming off an all-out-effort, there is a chance he could be over the top; this is one hard-trying horse who is almost always in the picture and his trainer has a good BC mark; may prefer softer going, but has run well on the firmer stuff; may still be some gas in the tank, but if there is, then why are European bookmakers making Sky Classic a bigger favorite to win this race than the Vegas books?

QUEST FOR FAME
Ran 3rd in this race last year and has more bullets than Scarface; Frankel is great at getting fresh runners to fire and this guy seemed to wake up last fall; has won on firm and yielding courses, but may run little better on firmer layouts; loves this distance; seeing as how longshots have dominated this race, this just might be the one to keep that tradition alive.

FRAISE
Got a dream run, but could not catch Sky Classic; has failed twice to that foe and seems a cut below the best; loves yielding turf so give him higher marks should a hurricane suddenly hit the area; P. Val wanted to stay on Navarone, but has a contract with Paulson; closer from the clouds has decent Beyer figures and style that is with the bias.

Boxing the triple

In boxing the triple, the bettor may box from three to 12 horses on a single ticket, thereby giving him every possible combination for first, second and third. The number of bets, for each combination, and the cost for each \$1 bet, is:

- 3-horse box...6 bets/\$6
- 4-horse box...24 bets/\$24
- 5-horse box...60 bets/\$60
- 6-horse box...120 bets/\$120
- 7-horse box...210 bets/\$210
- 8-horse box...336 bets/\$336
- 9-horse box...504 bets/\$504
- 10-horse box...720 bets/\$720
- 11-horse box...990 bets/\$990
- 12-horse box...1,320 bets/\$1,320

Superior figure following weight for today's race (1087) indicates the apprentice allowance. The large figures include the total allowance claimed.

WHEN YOU STEP UP TO THE WINDOWS...

shouldn't you know what Thoro-Graph sheet players know?

"Unlike any other method of rating horses, Thoro-Graph is the only one I've ever known to be endorsed by so many trainers, which, by itself, makes it unique"

Las Vegas Review

For years, top trainers coast-to-coast have used the Thoro-Graph sheets. Now—for the first time—you can have Thoro-Graph's race-by-race analysis of the entire card (including simulcasts) before you go to the track. Which races are good opportunities, and which are not; which favorites are weak; which longshots are live; and the reasons why. Wagering strategies designed specifically to maximize value for each individual race. Call today for our expert selections.

A CLOSER LOOK

Turf

SOLAR SPLENDOR
The good news is he looks like the speed of the field, the bad news is he is not the same horse he was last year; besides over the past few years frontrunners have only won at a low rate on this course; not sure he really wants to go this far, even though he won at the distance last year; in his only win this year he got away with snail-like fractions, but there are others in here who like to lay up close and they won't let him get away with a theft; was just crushed by Sky Classic; longshot, as Lasix is added.

CORRUPT
Favored in last year's Epsom Derby and it has been downhill ever since; seems to hate firm going so if it has not been raining then he is in trouble; Timeform rating of 123 is about 40th among older horses; Gulfstream is the only place where the Europeans did not win a BC event (probably due to the tight turns and humidity, which are back again); would be a surprise.

NAVARONE
Can come from the clouds or stalk and his trainer (Rash was an assistant for Charlie Whittingham) has been on a roll the last couple of months; hard to knock a horse who is perfect on the turf and seems to be getting better and gaining confidence with each start; last 2 wins may have not been by large margins or against the toughest foes, they were still done in convincing fashion; only drawback is the fact that P. Val has to get off; ability on yielding turf is unknown, but he loves this distance and is improving, and improving horses are dangerous.

Be Aware Of Track Bias

Have you ever gone to the racetrack and noticed that just about every winner raced either on or near the lead throughout? At the same time, were the horses racing from off the pace making up little or no ground in the stretch? If so, it can be said that a speed bias existed for that racing program.

A track may favor speed horses one day and closers the next. Often, a sloppy or hard racing surface will result in numerous front-end victories. Conversely, a deep, tiring track is kind to horses who prefer to race off the pace.

Latest workouts are published every day in Daily Racing Form.

GULFSTREAM PARK PAST PERFORMANCES

A CLOSER LOOK
Classic

RODRIGO DE TRIANO
In the previous 8 BC days, 31 Europeans have tried the dirt with only 2 winning; however, the Europeans that have been trying the longer BC dirt races haven't been their best runners—until now; if St. Jovite is the No. 1 horse, then this guy's not far behind; marvelous record, with only poor outing being the Epsom Derby (in which he was favored) when he lost to stablemate Dr Devious at a trip that's too long for this guy; won 2,000 Guineas and Champion Stakes in same year, the first to do so since the immortal Brigadier Gerard (who had Timeform ratings of around 145) did it in 1971; don't be fooled by neck margin last time—he did it easy; so far in the Classic, the Europeans have a 2nd, and 6 other finishes of 6th or worse; don't be shocked if they finally get the brass ring now that the first team is here.

JOLIE'S HALO
The fuzz is off the peach; after nice Iselin win and even after the Del Mar disaster, here was a horse with speed, who was relatively fresh, who'd handled the track and seemed headed the right way; but last race was awful, and it's been a year and a half since he's run a Beyer that can even make 'Tap' sweat; it's tough to envision him doing that now, isn't it, particularly at this trip?

PLEASANT TAP
So you want to bust open that piggy bank after seeing him sizzle his final quarter of the JC Gold Cup in sub-:24? well, hold off just a second; favorites in this race have had poor results, with only Ferdinand and Alysheba winning, and 1-2-3 in just 5 of the 8 runnings; Slew o' Gold, Chief's Crown, Turkoman, Track Barron (twice), Waquoit, Forty Niner, Easy Goer, Dispersal, Flying Continental and Festin all won their final Classic prep in NY; how many won this race?; zero, zilch, nada; only one horse, Proud Truth, won his final prep in NY then went on to win the Classic; maybe horses which excel on the big, sweeping New York tracks are not the same ones that can excel—and beat top company—on a tighter track, and it's important to note this guy has never shown the awesome power he displayed at Belmont at ANY OTHER TRACK; also, if Eddie D. was convinced this was the horse, wouldn't he have stayed here, despite his loyalty to Drysdale? we doubt Neil would begrudge him the winning Classic mount—especially if he already had it; so with all those questions, do you still want to take the hammer to the piggy bank?; the legitimate favorite, one to beat and he'll probably win, but don't come crying to us if he's this year's Turkoman.
